THE 'TOWN RECORD

By MONTE DAYTON

Show me the way to go home:

Scorning the more conventional means of upright transportation, a slightly oiled lady was seen on Mission street Saturday night laying like a wet sack over the hood of a car as her escort sat at the drivers seat motoring them on their nonchalant way home.

What violation of the vehicle code does this come under?

Drunk in or ABOUT a vehicle?

Local PO officials are raising duodenal ulcers trying to figure out how they're going to handle the Christmas onslought at the Westlake branch.

There just aint no room and action in Washington to get a new building has been given the pigeon hole treatment.

The REV. and MRS. JOHN GLASSE (he's the Broadmoor Presbyterian church minister) just returned from their vacation touring the nation. The reverend wasn't spending all his time at play, however, as he was picking up material for future messages.

His sermon topic this Sunday will be, "8000 Miles of God Blest America."

Local copper DAVE JOHNSTONE will go down in posterity.

Have you seen his signature affixed in sidewalk cement below the gouged-out words, "This is Wet cement."

Today he might arrest somebody for doing the same, but that was many years ago.

FRED BERTETTA, recently "retired" planning commissioner, avowed to attend every council caucus meeting to keep up on what's doing, but he wasn't seen at Monday's session.

BUCK HANON, Doelger publicist, is back from vacationing at some hard-to-pronounce name in Mexico, where he picked up a tan that strikes envy in the hearts of associates.

Police report fair weekend crowds at most of the "top of the hill" night spots, except at the HILLTOP LODGE, where attendance is off two-thirds.

City barrister FRANK BLUM asked the council for expense money to attend the upcoming national convention of city attorneys.

They allocated him 30 cents for bus fare, as the confab is slated

(Continued on Page 2)

SF Painter Charged With Drunk Drivina

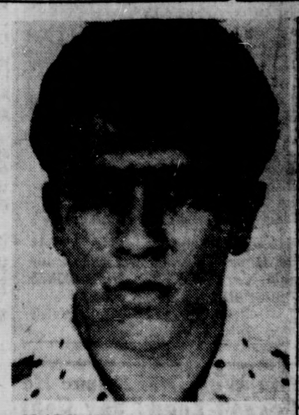
A San Francisco painter was arrested Saturday on a charge of drunk driving when police stopped him for ignoring an arterial sign at Flournoy and Mission streets.

Benjamin Franklin Reed, 51, 2336 Castro street, San Francisco, was released on $250 cash bail on Monday. He is scheduled to appear before Judge Thomas L. Bocci in Municipal court on September 7 at 10 a.m.

Reed, who flunked a sobriety test, was convicted of a previous drunk driving charge on February 15, 1952.

JIMMY ACEREZ, one of the trio facing narcotics charges, has a long record of past crimes behind him. THE RECORD has an exclusive interview with the youth in this issue.

JAMES LORENZANA, considered the "toughest of the bunch" by police, first told officers that he was 21 years old. It was later found that he was only 17. Lorenzana and Amoroso shared an apartment here at 6596 Mission street.



CLARENCE AMOROSO, a former Jefferson High School student, was picked up by local police and district attorney officers during the recent Hilltop Lodge crackdown. This is his first arrest, as far as police know.

NARCOTICS FOR KICKS

"Hate" Is Key Word In "Geronimo" Story

By Nancy Lamb

H - A - T - E.

Spelled out on the tattooed hand of a 20 year old boy, it means that Jimmy Acevez hates the world because the world hates him.

Jimmy, or Geronimo as he is known to his marijuana-smoking friends, was picked up Tuesday of last week during the crack-down on the alleged Hilltop Lodge marijuana ring. The boy was charged with possession and sale of marijuana.

"Sure, I smoke marijuana," Jimmy told this reporter. "I can't see anything the matter with getting high on a stick. It don't do no harm."

But when asked if he would someday let his children smoke marijuana, the answer was an emphatic "no!"

First "Stick" In Jail

Ironically, Jimmy claimed that he got hold of his first marijuana cigarette at the San Francisco county jail just a few months ago.

The boy has had a long history of crime. He is now being questioned as a possible murder suspect in the recent brutal killing of a San Francisco Christian Science minister.

"I was counting up the days I've been free in my life while I was sitting in my cell this morning, and it comes to just a little over half my life," he recalled.

Jimmy first was imprisoned in Arizona when he was 14 years old. Never knowing his parents, he was shuffled around to foster parents until he finally ran away.

The story of the boy's first imprisonment arose when it was asked if Jimmy had graduated from high school.

No Reform School Diplomas

"They don't give diplomas in reform school," was the answer.

When Jimmy got out of reform school, he explained that he went into the navy, but got into trouble again and was discharged in little more than three months.

"I flipped some mustard at an old salt who was giving me a bad time while I was serving chow," he explained. "When he came at me I threw a knife at him, but it missed and stuck in the wall," he said in a matter-of-fact tone.

(Continued on Page 2)

GASOLINE FIRE RECALLS RECENT TRAGEDY HERE

A repetition of the tragic gas explosion May 22 at 342 Woodrow street which took the lives of two men was averted Wednesday night probably because a garage door was open.

Harold Raggio, 476 Hanover street, and several of his friends, were washing the floor of Raggio's garage with gasoline, firemen said.

According to the fire department, some of the gas leaked down to the floor furnace and was ignited. Flames flashed up, but were extinguished by the time the firemen arrived at 9 p.m.

Fire captain Mel Hanson said that had the garage doors been closed there might have been enough fumes to cause a severe explosion and maim or kill the men inside.

As it was, there was no appreciable damage.

The incident recalled the explosion in May that killed George Boerstler and Eugene Harmon. The two men were cleaning the garage with gasoline and the doors were closed. When the fumes ignited the blast blew the entire side of the building out.

Hillside Group Plans Third Meet

The newly-formed Hillside Homeowners Improvement association will hold its next meeting at 8:15 p.m. Tuesday at the Colma school on Hillside and Mission streets. All persons of the area are invited to attend by President John Harness.

An eventual membership of 350 persons is planned by the association, which came into being about four months ago. Present membership is approximately 100, according to Harness. The Tuesday date will be the third meeting of the group.

Purposes of the organization, as listed by the president, primarily are based on bettering the Hillside area for its residents.

One of the main issues to be discussed at the meeting is the prevention of industry zoning in the area. Such a rezoning ordinance is before the local city council at the present time.

"We do not object to light commercial zoning," Harness explained, "but if industrial zoning is allowed, trucks will endanger the lives of children at the nearby Colma school."

Also on the agenda of the meeting is discussion of a possible rerouting of the cemetery bus line down Hillside in order to take care of the residents of the association area.

Other officers of the society are Vice President Carlos Holmes, Recording Secretary Mrs. C. Noel David, Corresponding Secretary Mrs. L. Saltsgaver, Treasurer Clay Dodge and Sergeant of Arms Jack Kunkel.

Vickers Says To Ask Police Chief's Ouster

PILL BOTTLE-GUN FAILS TO SCARE DC STORE OWNER

A pill bottle is a poor substitute for a gun.

So found James W. Bruten, 23, 973 Huntington avenue, San Bruno, in an attempted robbery at Gerald's Liquor store, 6379 Mission street here, Monday night.

Bruten, who told local police that he previously had served time at San Quentin for car theft, entered the store at 9 p.m. and asked owner Herbert Bethe, 255 Alta Loma avenue, Millbrae, for a package of cigarettes.

While Bethe was making change for the stranger, the owner told police that Bruten demanded, "Put that money in a bag and give it to me."

Hiding the pill bottle, belonging to his wife of three months, under his coat, he allegedly threatened the store keeper.

Get Out Of Here

"What do you think you're doing? Get the hell out of here!" Bethe replied, slamming the cash register drawer as he started towards Bruten.

Apparently startled by the uncooperative attitude of the proprietor, Bruten turned and ran to

(Continued on Page 2)

Congress Work Told By Younger At Rotary Meeting

The outstanding accomplishments of the 83rd Congress and the present high employment in a peacetime era were hailed here Wednesday by Congressman J. Arthur Younger in a talk before the Daly City Rotary Club held at Rickey's Red Chimney in Stonetown.

Younger stressed the fact that America under President Eisenhower is more adequately equipped to defend itself against any aggression than at any time in history.

The congressman, who has a schedule of 93 talks in the county prior to the November election, was praised in an introduction for his work in assisting Daly City to secure an independent post office for the first time in 40 years.

Younger was introduced by Herbert Sharpe, Westlake insurance man, who presided in the absence of Jack Kendree, president.

Vincent Murphy, Daly City postmaster, was a guest of honor, as was George McQueen, former publisher of the Burlingame Advance and now field secretary for Congressman Younger.

Forgotten Cigarette Results In $4000 Fire Damage Here

A forgotten burning cigarette caused an estimated $4000 worth of damage to a home at 2 Edgemar Terrace here early Wednesday morning. About 40 firemen, directed by Battalion Chief Lawrence Kennedy, fought the blaze for two hours.

The fire, which completed gutted the two-story home, was initiated when the resident of the house, who was alone in the house at the time, Carl J. Cabot, fell asleep while he was reading on the chesterfield in the living room of his home.

Without realizing he had dropped a burning cigarette on the chesterfield, Cabot awoke and went to bed about 2 a.m., according to Fire Department Captain Mel Hanson.

About two hours later, Cabot was awakened by smoke pouring from the living room. He telephoned police, who in turn notified the fire department, before he ran from the house.

When firemen arrived on the scene at 4:10 a.m., smoke and flames had enveloped the rear of the home. Police were asked to send an all-out alarm so that there was a total of five trucks present at the fire, according to Hanson.

The kitchen, dining room and living room were completely destroyed. Hanson explains that if it had not been for sheet rock protection the whole house would

(Continued on Page 2)

RETIRED SF POLICE LIEUTENANT FOUND IN COLMA CREEK

A group of workmen discovered a former San Francisco police lieutenant lying face down in the dry bed of Colma creek near the intersection of Junipero Serra boulevard and El Camino Real Monday afternoon.

Thomas Roach, 67, 3116 16th street, San Francisco, apparently had suffered a heart attack some time Sunday and had lain helplessly in the creek bed throughout the night.

When Roach was found at 5 p.m. workmen called sheriff's officers, who drove the injured man to Junipero Serra hospital. Sheriff's Deputy Keneth Ekstrom said the former officer was conscious but incoherent.

Attendents at the hospital said today that Roach's condition is improved and that he is receiving treatment for exposure.

DA PLANS REPORT ON COP ACTIVITIES

Police Chief Roland Petrocchi's removal from office was asked by Councilman Sanford Vickers during a study session of the city council Monday night.

Upon Vickers' initiation, the council also scheduled a meet with District Attorney Keith Sorenson on September 8. Council members are asking the district attorney for a full report on the local police department since Petrocchi took over as chief two years ago.

"The fact that other law inforcement agencies were forced to move in to clean up the Hilltop Lodge is a disgrace to Daly City," Vickers charged.

He apparently was referring to the recent crack-down on a marijuana ring which allegedly uses the Hilltop Lodge, 22 Hillcrest drive here, as a supply center for its wares.

During the investigation of the tavern, San Francisco police and District Attorney's officers worked with local police force.

"The local department worked in conjunction with outside forces," declared Mayor Joseph J. Verducci, in contradiction to Vickers' statement.

An undercover agent under the direction of the Daly City Police Department, had been working in the Hilltop Lodge since May 29, according to police files. The district attorney has told this paper that he joined local police in a cooperative effort on August 19 when the combination of forces succeeded in capturing the first two suspects in the marijuana ring. These first two arrests led to the eventual breakup of the narcotics operation.

It was agreed by all investigating agencies that secrecy is a vital part of any private investigation, and that, as a rule, co-workers in investigating departments who are not working on the case, are not even told of the probe.

Vickers then asked why if the local police had been investigating the Hilltop Lodge as claimed, the probe had not been brought to the attention of the council.

"The investigation had been going on for two months," explained City Administrator Dan Andersen. "If it had been brought before the council, it would have made the papers and ruined the private investigation."

A council meeting is always public record, and, therefore be-

(Continued on Page 2)

POLICE RECOVER MISSING JEWELRY

A 14-year-old boy closed a mail-tampering case which local police have ben investigating since August 17.

Larry Del Fino, 348 Chester street, reported to Officer Bruno Conci and Inspector Dave Johnstone Monday that he had found a bag of jewelry lying "on the lawn of a corner house."

The missing jewelry, estimated at $76.54, was reported by Miss Ann Klippel, 607 Orange street here, when she found only empty boxes on her doorstep. Miss Klippel is a jewelry saleswoman and had ordered the jewelry through the mail.

Police said that they started questioning neighborhood children when a resident of the area reported that three boys had approached her to ask if she had lost any jewelry.

Larry's mother, Mrs. Emily Del Fino, told police that she had watched the lost and found ads to see if anyone reported the loss of the jewelry.

Details of the case were referred to federal authorities since tampering with mail theft is a federal offense.

Tickets For Police Ball On Sale Here

Tickets may be purchased from any Daly City police officer or at the Daly City police station for the forthcoming twenty-sixth annual ball of the Peninsula Police Officers' association to be held September 18, at Bay Meadows Clubhouse, San Mateo.

Officer Henry Sundermann of Daly City is in charge of the local ticket distribution in the Daly City-Westlake area.

All proceeds from the dance will go to the Widows and Orphans fund of the association. Tickets cost $1 apiece and are being mailed to all homes in the

(Continued on Page 2)

MAYOR PROCLAIMS CONCERT WEEK

WHEREAS, the Vista Grande Community Concert Association is holding its first annual campaign for members for the purpose of assuring a series of concerts to be held in Daly City by world-famous artists during the coming season, and

WHEREAS, every community is improved by the advantages of schools, churches, libraries and all organizations of a cultural nature, and

WHEREAS, the availability of fine music is another advantage which will be of benefit to those making their homes in Daly City and surrounding communities, and

WHEREAS, such cultural advantages become even more important to us in times of stress and world crisis, and

WHEREAS, these are sustained by the work and effort of such citizens as the officers and staff of the Vista Grande Community Concert Association,

NOW, THEREFORE, as Mayor of the City of Daly City, I proclaim the week of September 13th to 18th, 1954, officially as COMMUNITY CONCERT MEMBERSHIP WEEK.

JOSEPH J. VERDUCCI, Mayor

Councilman Knocks Outdated Annex Plan

COUNCILMAN SAYS PLACE ADDED TAX ON NEWCOMERS -- NOT OLD RESIDENTS

"I don't think you people are up to date," Councilman Sanford Vickers accused the rest of the council at a study session Monday night, during a discussion of the proposed Doelger land annexation, which would bring about 9000 new residents into Daly City.

"I strongly resent your implication," retorted Mayor Joseph J. Verducci while other council members nodded agreement.

The heated argument arose when Vickers made the suggestion that an additional tax, over and above the regular assessment tax, be levied on homeowners of the proposed annexed area, which extends south to San Pedro road, west to the ocean and east to Broadmor.

"Why should old residents pay more taxes for newly annexed areas?" Vickers asked the council. He continued that his proposal was already in effect in many far-seeing California cities.

Councilman Edward Dennis objected, saying, "We've never done it before, and the people would object."

It was at this point that Vickers blew up, accusing the council of "not being up to date."

"Time and Effort"

"I've put a great deal of time and effort studying annexation problems, and the council should listen to the ideas," he said.

Mayor Verducci told Vickers that council members were glad to have the opportunity to listen to Vicker's plan, but that they had a right to agree or disagree.

"Your accusations against the council of both tonight and last week are uncalled for, and I resent them," Verducci said.

Last week Vickers, in an argument over rezoning of Ricco Lagomarsino's land in Daly City, announced that he was the only one on the council who had studied the situation. The statement was in answer to a charge by Lagomarsino that Vickers was the only member of the council who was holding up the rezoning.

"Biggest Thing Yet"

"We all want a greater Daly City, and this potential annexation is perhaps the biggest thing the

A CLOSE CALL — Daly City firemen prevented a serious catastrophe Monday afternoon when a gasoline truck, containing about 12,000 gallons of the highly inflammable liquid, sprang a leak. Gasoline poured onto Mission street across from THE RECORD office at the rate of five gallons a minute for almost an hour. The System Tank Lines, Inc. truck developed clutch difficulty which stalled the truck at 2:45 p.m. A combination of the stall, the warm day and the hill caused the truck to expand, thereby creating the leak, according to Fire Captain Frank Specht. Shown here is Fireman Harvey Cross who doused the truck with water for almost an hour in order to prevent explosion. Specht explained that the truck was sprayed with water to cool the expanding sides of the truck and, thereby, cause the walls to contract.

THE RECORD photo

TORMEY SAYS WW II BABIES NOW PRESENT VITAL HIGH SCHOOL PROBLEM

The increasing need for more high school facilities to take care of the war-babies who are now entering high school age was stressed this week by County Superintendent of Schools James R. Tormey.

The statement is pertinent to this area since Jefferson Union High school officials are urging support of a $1,600,000 bond to go toward construction of the new $2,000,000 Westmoor High school. The issue will be placed before district voters at an election October 5.

"A wave of high birth rate children is hitting the district now," said Jefferson District Superintendent Stanford Hannah today, in commenting upon Tormey's report to the county board of supervisors.

"At the present, the high school is overcrowded, and a new high school is desperately needed," Hannah continued.

One Thousand By 1959

A total of 630 freshmen are expected to reach high school age by 1956, while by 1959, the number will rise to 1000 freshmen students, according to the superintendent.

In the report, Tormey states that failure to provide adequate schooling for teen-agers may result in severe and costly social repercussions, since juvenile delinquency is predominantly a teen-age problem.

"Factors which could sharply accentuate the increase in juvenile delinquency would certainly include any failure to provide proper educational opportunities for the teen-ager," declared Tormey.

Double Session Problem

Double sessions is another problem due to the increasing birth rate listed by Tormey. The Jefferson Elementary School district is stated as having a total of 1110 pupils in grades 3 to 8 on the double session program. A county total of 5,602 or 12.2 per cent of children is listed as on the program as of March of this year.

Laguna Salada school district is shown as having no students on double sessions, while in October of 1949 the district is listed as having 307 children on double sessions.

Tormey also lashed out at the practice of subdividers in setting aside the least desirable land in the subdivision for school use.

Pressure By Subdividers

"District after district reports to me that in working with large area subdividers, they are invariably placed under pressure to have the district select or accept as a school site land which, by its improper location or by its terrain, will be extremely expensive to develop," he said.

Elementary district Superintendent H. Z. Weibel reports that the local district had no trouble in acquiring land from the Doelger corporation for Westlake elementary school.

Council Knocks Outdated Annex Plan

(Continued from Page 1)

council has done," Verducci continued. "This added burden on homeowners of annexed areas might be the deciding factor in which city homeowners of the area will chose to join, and they well might chose some other city than Daly City."

"Aren't we being a bit too cordial to Doelger?" Vickers asked. "We're much more lenient than councils of other cities."

At this time Verducci suggested that members stop bickering and conduct a "meeting," saying that "we'll get done much faster and we'll do it right."

No Planning Consultant

Vickers was voted down on a suggestion that the city hire a planning consultant to give a professional opinion on problems confronting the council.

"We'd never have trouble today if we had one," he said. "I've been asking the city council to hire a consultant for two years."

Despite the bickering, councilmen were able to draw up a rough draft of an annexation ordinance which still stands to be approved by Doelger. City Administrator Dan Andersen was asked by the council to schedule a meet with Doelger as soon as possible.

Among the 16 items which are being asked of Doelger by the city are a library site, fire house site, two acres for recreation facilities, and rat-proofing of all homes in the proposed annexed area.

List 16 Items

The 16 items are as follows:

1. The property will be annexed at one time.

2. Rat-proofing will be required with the provision that all homes be built with full foundations and screened vents. During discussion of this requirement meeting participants who live in Westlake went on record that they wished they had stipulated rat-proofing before Westlake had been annexed to Daly City.

3. Taxation will be on an acreage basis. When one building is completed in each block, that block will be assessed on a lot basis. Temporary construction buildings and equipment will not be assessed.

4. Lots will be a minimum of 3000 square feet and a minimum frontage width of 33 feet.

Save $5000-$10,000

5. Landowners will install streets, sidewalks, electroliers, storm drains and catch basins, water systems, hydrants and fire alarm system with main station controls at no expense to the city. Andersen estimated that the city will save between $5000 and $10,000 if Doelger agrees to the fire alarm clause.

6. All aerial utility connections will be in the rear of lots. None will be in the streets or sidewalks.

7. Water rates will be the same as existing Daly City rate unless the city is required to use water other than the Daly City supply.

8. Curbs will be 4½ inches high, with a grade of 2 inches, not rounded. Sidewalks will be 4 feet wide, property lines 7½ feet to the sidewalk with a 15-foot setback.

9. There will be standard fence restriction in deeds to the lots.

Two Acres for Parks

10. At least two acres will be made available for public parks, the location of which will be agreed upon by the recreation commission and the Doelger corporation.

During discussion of this stipulation, Vickers suggested that consideration be given to planning parks which would run between the back yards of homes on a block. The suggestion was met by approval by the council.

11. Commercial areas will be designated in the annexation map. There will be no changes except 12 and 13. A site adequate for a reservoir shall be made available by the corporation. The city will repay the corporation for the reservoir and transmission lines within 10 years of the date of completion.

Library and Fire Staiton

14. A library and a fire station site will be provided by the corporation. The proposed library will be a branch of the Daly City library and is planned to be adjacent to the commercial area in Westlake.

The end of South Mayfair was suggested as a possible site.

15. All work on subdivisions is subject to the inspection and approval of city officials. Engineering and legal fees will be borne by the corporation.

16. The corporation should consider making land available for church sites.

FOR THE SECOND straight year Daly City receives commendation certificate for no pedestrian deaths over a one-year period. Daniel D. Way, California State Automobile Association representative, is shown here presenting award to Mayor Joseph Verducci. At left is Henry Sunderman, traffic inspector, while at right is Police Chief Roland Petrocchi.

Pill Bottle-Gun Fails To Scare DC Store Owner

(Continued from Page 1)

the street. He turned south on Mission followed by Bethe.

Two boys, who were passing the store, joined the chase when they saw Bethe running and shouting after Bruten. Bethe and the youths, James Greenfield, 17, 132 88th street, and James Taylor, 16, 640 Elizabeth street, both of Colma, lost the fugitive.

Police Nab Culprit

But shortly after, Sergeant August Benassini and Officer James Sunderland, who had been summoned to the scene, caught the would-be holdup man hiding behind a signboard on Hillside boulevard, about three blocks away. Bruten had injured his leg sliding down a steep bank in order to reach his hiding place.

Police took Bruten back to the liquor store where he was identified by Bethe. The culprit later admitted to police that he had attempted the holdup, police said.

Judge Thomas L. Bocci in Municipal court yesterday set preliminary trial for September 9 and bail at $1000 cash or $2000 bond.

local area.

The association represents the police departments of all cities on the Peninsula from Daly City to Sunnyvale with the exception of Palo Alto.

Music for the dance will be provided by two orchestras: the dance band of Jack Fisher and the "Dixieland" band of Harlow Burgess. Lovely Patty Prichard, television singer, will be an added attraction.

The Town Record

(Continued from Page 1)

for San Francisco, and quoted the quarter-card phrase for promoting traffic on local buses, "Use it or lose it."

You Want His Name! He Doesn't Know! Say Cops

Local police played host to a "mystery man" Wednesday afternoon in the city jail for six hours.

The stranger, who finally identified himself as Douglas C. Bellfi, 28, a taxi driver of 305 Eddy street, San Francisco, was hauled in on a drunk charge at 1 o'clock in the afternoon. Police allegedly found the taxi driver staggering around in front of the Central Club on Mission street.

It was nearly 8 p.m. before he was coherent enough to inform police of the vital statistics, police said.

Bellfi was released on $15 cash bail and told to report to Municipal court next Tuesday at 10 a.m.

Constant planting has made Golden Gate Park one of San Francisco's beauty spots.

New fabrics, elegance in evening wear and coordinated ensembles highlighted fashion judging at the California State Fair. An evening gown by Emma Domb of San Francisco was voted the outstanding entry of the competition.

Cop Activities

(Continued from Page 1)

comes public information when printed in the press.

Vickers next brought up a recent letter to the police commission from Petrocchi in which the police chief states that rumors of narcotics activity here are "very unfounded." The councilman referred to last week's issue of THE RECORD in which Commission Chairman Tony Ricci quoted the letter and said that he could not understand Petrocchi's statement due to the current arrests.

"I can't understand how a police officer who has been in the business for 14 years doesn't know what's going on," Vickers continued.

The police commission also has scheduled a meeting, which will be held on September 9, in order to discuss the police department-Hilltop situation.

"The people want to know why the council hasn't taken any action," Vickers told the other council members.

"Hate" Is Key Word

(Continued from Page 1)

"Said I Was Nuts"

"They grabbed me and took me over to the hospital where the doctors said I was nuts," he laughed.

While Jimmy was in the navy he met a girl at the Red Cross center and upon discharge, he said he decided to come to California and marry her.

"It was a silly idea, anyhow, I guess," he recalled.

Jimmy's police record shows two San Diego arrests in 1953. The girl he had planned to marry lived in San Diego.

Since the boy has been in California, his record shows nine arrests.

Three arrests on counts of vagrancy in San Francisco during 1954 are part of the record.

Jimmy had just been released from his second term at the county jail on August 1, when he became involved in a knife-fight in San Francisco. Local police, who were looking for the boy after gathering evidence in the narcotics case, nabbed him when he reported back for medical treatment for a wound suffered in the fight.

The youth is set for preliminary hearing next Tuesday at 10 a.m. before Judge Thomas L. Bocci in Municipal court.

Forgotten Cigarette Results In $4000 Fire Damage Here

(Continued from Page 1)

have burned to the ground.

No one was injured during the fire. Police said that when they attempted to rouse next-door neighbors, they were found to be already out on the sidewalk. There was no damage to near-by buildings, Hanson reports.

Cabot's home is owned by the Maxwell Reality company.

Local Man Attempts Paraldehyde Suicide

An attempted suicide report, with six ounces of paraldehyde listed as the "means of attack" was filed with local police last Friday.

Harry Abraham, whose official residence is listed at 451-B street, Colma, was taken to Junipero Serra hospital by ambulance after police dragged the unconscious body of the man from a rooming house at 27 Hillcrest drive. Manager of the building, Mrs. W. R. Adams, phoned police when she found Abraham had locked himself in the upstairs bathroom of the apartment and had passed out.

Police said that paraldehyde is not a fatal poison but just makes one sleepy and sick.

It also was apparent Friday afternoon that police found the liquid to have a most offensive lingering odor.

COURAGE FAILS AT CRUCIAL MOMENT

Brave words died out in Municipal court yesterday when a 22-year-old San Francisco youth forfeited bail of $15 upon failing to appear.

"I've gotten tagged too often," he told local police officer Philip La Bruzzo when the officer tried to cite the young man for ignoring an arterial sign at Mission circle and Bepler street last weekend.

"This will have to stop," he continued. "I refuse to be cited."

La Bruzzo complied with the request of Frank R. Kucich, 219 Penu avenue of San Francisco, and took the insistent driver up to the police station to be booked.

He was scheduled to stand trial yesterday, but didn't show, thereby forfeiting $15 bail. A traffic ticket would have cost $5.

When you hear the mournful sound of a railroad engine whistle, let it be a reminder to slow down—to look carefully. Remember, warns the local Chapter of the National Safety Council, that big train can't dodge you. Show common sense at railroad crossings: Look, Listen, and Live!

Harold P. Bradshaw ..... Publisher & Editor

THE LOST PRIDE SHOWS HERE, TOO

Of all things the American people, a good portion of North San San Mateo county residents included, have lost, or think they have lost, one of the most important is pride.

Not pride of themselves, but pride of conduct. The American women continues to spend millions yearly to make her face look pretty . . . The American man continues to spend additional millions for the clean-shaved look. . .

However meticulous about their personal appearance, thousands of travelers and picnickers continue to despoil and litter their national and state parks and their highways.

The same people will pay for lawns, flowers, homes and furnishings, sanitation systems and trash disposal facilities for their own homes. When they picnic in their own back yard they pick up the beer cans, the paper plates and the newspapers . . .

Turn them loose in lands and highways with far more beauty than they have at home and they leave their debris in their tracks. The streams are loaded with their trash and the public parks and roadsides are being turned into dumps for refuse and waste.

The visitor, the vacationer and the sportsman have seen the increasing number of "no trespassing" signs across the nation. They all know why . . . Maybe the federal government, the state and the local governments should hang no trespassing signs on the entrances to all of their parks, camping grounds and roads until the traveler learns to respect the rights of others.

SHORT CUT TO SUICIDE

A sure way to "commit business suicide" is to cut down on advertising. This is the view expressed — not by an advertising agency executive, but by a spokesman for one of the Nation's biggest advertisers — Independent Grocers Alliance.

O. W. Johler, vice president in charge of IGA advertising declared: "For years it has been the standard practice of all businesses large and small, to use the economy axe on the advertising budget at the first sign of a business slump. People today are talking about unemployment. Others are saying that business is not as good as it used to be. But look at IGA. During the first five months of this year our business was 16 per cent ahead of a comparable period last year. ADVERTISING HAS MADE ALL THIS POSSIBLE."

"Is it not logical to assume," Johler continued, "that the force of advertising that has built our business to the second largest retail food selling organization in the world is the very force that will save it when and if things tighten up?"

In conclusion he said: "In our business we must be economy-minded . . . Let us not forget that we consider the tremendous amount of newspaper advertising we use is good economy."

We thank Mr. Johler for saying what cannot be said too often—that advertising is essential during good times and doubly essential when times are not so good. And it's gratifying to note that numerous large concerns such as Standard Oil, Bank of America, Safeway Stores, the oil companies, public utilities and others, together with hundreds of smaller concerns are aware of this fact and continue to devote much of their advertising dollars to newspapers.

One of the most important things in the great growth of America has been advertising and America will not continue to grow without it.

Letters To The Editor

Rec Commissioner "Shocked" At Article Which She Says "Put Words Into Mouth"

Dear Editor:

I was shocked to find words put into my mouth as direct quotations that I never uttered in an article entitled, "Clubhouse Topic at City Council-Recreation Meeting," on the front page of THE RECORD for August 26, 1954.

I did not say, "We are not getting proper cooperation from the police." I did not say it, nor do I believe it.

I did not use the words, "shifty-eyed man," nor the words, "under false pretenses."

I said it was difficult to get the information to compute accurately a percentage of the bar receipts, and Mr. Blum suggested that the Commission ask for a $250 or $500 deposit in advance.

Would you please print the foregoing letter in its entirety in the next issue of THE RECORD.

Very Sincerely,
Mrs. Gordon Carlson
Secretary, Recreation Commission

Says DC Is Liable For Drainage Defects

Dear Editor:

Anent your Editorial "Getting the Point Across."

I have resided at 93 Muirwood drive since November 1945 and have yet to observe, even in the year of the heaviest rainfall, any serious drainage problem affecting Edgewood Terrace.

It would appear that if the City accepted the street work, sewers, drainage, etc., from the developer, the City and not the homeowner is liable for any defects or omissions.

Beyond any doubt the attempt to foster a drainage assessment district on the already overburdened taxpayers will meet with stout resistance.

Yours very truly,
John E. Colthurst

LA Pioneers Cite State's Glorious Past

Dear Editor:

California's 104th glorious Admission Day will be here September 9. This writer is a grandson of Caleb Coakley, Stockton's pioneer blacksmith of 1850.

Because most Los Angelenos known little if anything, of the glorious history and traditions of our state, my wife and I have decided to appoint ourselves a committee of two to meet with whosoever will, at the monument of Stephen M. White in LA on Sept. 9 at 11 a.m. in the yard adjoining the LA hall of records building, 220 North Broadway, to pay tribute to the memory of this native son pioneer, who was born in San Francisco in 1853 and who did so much for the building of the southland and the state of California.

We believe that the most imperative need of this hour is to keep American morale high, by keeping above our historic background, notwithstanding the desire in certain quarters to give the silent treatment to our nation's holidays.

In appreciation for all those great men and women who had the priceless ingredient of true Americanism in their souls, this writer will make a ten-minute talk, "California Look Over Your Shoulder," at the place and hour mentioned above.

We ask all Daly Cityans to write their friends in LA to join with us on Admission day.

Sincerely,
Mr. and Mrs. John C. Crowe,
1203 West 8th street,
Los Angeles

My Mad World

By Leonore Brewer

For the past two years we have been writing this column, devoted mostly to reviews of films and legitimate stage productions, including opera and ballet. Once in a while we discuss a new addition to our record collection and even get around to mentioning an occasional book or two.

We like to flatter ourselves that the average column turned out during the past three months has been better than the average column turned out during the first three months. In fact we devoutly hope so, because we have paid quite a price to write this column, and we are not talking about money. We're talking about the change that has taken place in our attitude toward what is lumped under the term "entertainment." Somewhere during the past two years attending films and legitimate shows has ceased to be entertainment and has become work.

Not so long ago we read an account of the life of toil lead by a drama editor in one of the daily papers. In addition to seeing films and plays, the editor is responsible for the layout of the drama page. This involves picking photographs and writing the captions, pawing through recent releases from Hollywood and deciding which stories and gossip tidbits should appear. In addition there are interviews with celebrities.

Needless to say most of this work is unknown in the life of a critic for a weekly paper, but there is one thing which we have become increasingly aware that we have in common with our more exalted brethern - we cannot sit back and relax when watching a movie, but must perch like vultures on the edge of our seat, watching for bits and pieces on which to hang our review.

It is difficult to pinpoint just when this change in attitude occurred, or why. We have been interested in films and music for as long as we can remember, and have always been more willing to give our opinion to all who asked for it and to many who had not. The only difference now is that it is written instead of verbal.

Whatever has caused this change in viewpoint, it has also affected our reading habits as we discovered last week in reading "Picture," by Lillian Ross, a detailed account of the making of "The Red Badge of Courage." It shoud have been merely a highly entertaining account of the trails and tribulations involved in making a film, but in reading it and marking significant passages which would be of interest, we became aware of how our attitude toward seeing films or even reading about them had changed.

Maybe we'll review it next week. We worked hard enough reading it.

Safety News

SUMMER IS CRITICAL

With schools closed for summer vacation, children are naturally on the streets a greater portion of the time, playing, going to and fro and even running out into the thoroughfare from their playgrounds. As a result, accident results involving boys and girls have shown an upward trend during vacation months for many years past.

As a result to this increased exposure to hazard, motorists must accept additional responsibility for driving safely in areas where youngsters are likely to be encountered. A reminder to parents is that they can assist in promoting the safety of their own and their neighbors children.

Urge your children to play in the yard rather than on the streets. Park your car in the garage instead of leaving it on the curb, children who dart out from behind parked cars are exposed to danger. Locate the nearest park or playground and teach your children the safest route to follow in going there. Do not send children on errands which require them to cross busy streets.

Emergency Brakes

On many makes of automobiles it is good practice to apply the floor brake before setting the emergency brake.

Not only is it easier to set the emergency securely when the foot brake is being applied simultaneously, but there is less chance of straining the emergency brake mechanism.

Also, if brakes are not in tip top condition, there is some possibility of air entering the system, thus reducing brake efficiency, when the foot brake is not first applied.

This procedure does not apply on cars equipped with emergency brakes that operate on the driveshaft.

Daly City Accident Report

Total: Two.
Breakdown: Two auto-auto.
Injuries: None.

LION TALES

By Joseph Belli Jr.

WORKING TOGETHER

The failure or success of any service club is predicated solely on the club's ability to work as a unit. This fundamental requirement reduces itself to each individual.

The entire chain is only as strong as its weakest link, and the club and its project are similarly controlled. Teamwork excels only to the degree in which every member does his share. It is true that we do not all qualify in the same field, but that is where teamwork lends strength to the over-all effort. Each individual supplies the part for which he is best fitted, and in the final performance there appears a masterpiece.

Therefore with the annual dance drawing nearer each day it is important that each and every member gets out and does his part and sell tickets. Three thousand tickets will be given out during the week and each member is urged to sell as many as possible. The success of this dance depends upon the members selling tickets so lets all get out and do our best.

The tickets will sell for $1.00 per person. There will be five door prizes, namely the first which will be a $100 war bond and the winner doesn't have to be present to win, however, for the remaining four prizes which are four Sunbeam deep fryers, the winners must be present to win.

As previously stated the music will be under the leadership of Del Courtney and his ten-piece band with a vocalist. Also in the making at the present time is a souvenir booklet which will be distributed to each person attending the dance. This book will comprise of a story of Lionism, a list of the club's officers and directors, a list of the committee men making the dance possible, a complete list of the club's membership and their occupations and remainder of the some thirty pages will be devoted to advertisements.

OBITUARIES

Eileen Crooker

Last rites were held from the mortuary of W. C. Lasswell & Co. Tuesday for Eileen Crooker, who passed away August 28 at Community hospital in San Mateo.

She was 52 years old.

She was a native San Franciscan, but had resided here for many years. She lived at 88 Risel street. The deceased had been a member of the American Legion Auxiliary.

She was the widow of the late Arthur M. Crooker and mother of Robert A. Crooker, local police officer.

Interment was held at Golden Gate National cemetery.

Elsie Kaczmark

Elsie Kaczmark, 62, 251 Willits street, died Tuesday at Kaiser Foundation hospital.

She was the wife of Martin Kaczmark, mother of Milton Kaczmark and Mrs. Constance Nofziger and grandmother of Linda and James Nofziger.

Services were held from W. C. Lasswell & Co. Interment was at Golden Gate National cemetery.

Library News

Scene In Action

Copies of thirteen scripts of the "Science In Action," series will be received at the Daly City Public Library, and will be available for circulation. For the first time in four years that this fine science program has been on the air, these radio scripts are being made available. Each series of programs consists of thirteen topics, balanced in subject matter and rounded out for the interest of the general viewing audience. Among the topics for the Thirteenth Series, Fall 1954, which the library will receive, are "Drilling For Oil," a geology and industry program; "Close-up of Mars," telling of important research in this year when Mars is closer to Earth than at any time in sixteen years; "The Bevatron," with Nobel Prize winner Ernest O. Lawrence as Guest Scientist; "Digging From Under," the story of the new fossil finds in Australia and other current topics. If you are interested in obtaining any of the scripts, they are available in the pamphlet file of the Daly City Library.

Station KQED

Perhaps you are already familiar with the Bay Area non commercial television station KQED Channel 9. In the event that you are not, Channel 9 is the television channel assigned to the Bay Area for non-commercial, educational use by the Federal Communications Commission. Programs which are viewed on KQED are designed to bring to Bay Area viewers material planned for them as individuals belonging to a variety of groups with diversified ages, interests, educational background, and tastes. It is not in competition with the commercial stations, but rather it compliments their programs in the areas of education, culture, and public service.

A directive from the desk of Coit Coolidge, secretary of the Library Executives of Central California, announces the following programs scheduled for fall listening:

The Great Plains Trilogy: 13 half-hour film recordings, beginning Monday, Sept. 13, at 7 p.m.—the explosion of the world atom as the universe comes to life, and the subsequent story of the animals that lived 350 million years ago up to the arrival of early man during the Ice Age. Presented by Dr. C. Bertrand Schultz, nationally renowned geologist, and geological experts participating as guests.

This Is Charles Laughton: Six 15-minute programs, starting Thursday, Sept. 30, at 8 p.m., with readings from the great authors of yesteryear by the noted actor. Excerpts from de Maupassant, Hans Christian Anderson, Lincoln, and Dickens are featured.

Of Men and Ideas: Six half-hour kinescope programs, starting Monday, Sept. 13, at 7:30 p.m.—how individuals face problems of communications in terms of making sense will be discussed by Dr. Irving Lee, professor of public speaking at Northwestern University, and an expert in semantics. This is the first part of a series selected from 64 programs with top scholars throughout the nation.

The Long Voyage: An award winning series of six 15-minute programs, beginning Thursday, Sept. 30, at 8:15 p.m., with readings from Shakespeare's "Romeo and Juliet."

The Great Ideas: 13 half-hour films, starting Thursday, September 16, 1954, at 7:30 p.m., featuring Dr. Mortimer J. Adler—discussions on the subjects of love, opinion, and learning in a series which has not been viewed before in the Bay Area. The programs vary from the use of television as a tool for learning to the modern relationship of love and desire.

Treat yourself to television viewing at its best by tuning your set to station KQED, channel 9.

Rotary Report

By Norris Gregory

G. F. Bacon, district governor, addressed last Wednesday's Daly City Rotary club meeting, held at Rickey's Red Chimney, Stonestown.

The Rotary club motto, "Service Above Self," and it's application to everyday life was the subject of Bacon's talk. The favorable impression created by this speech left even the President, Jack Kendree, momentarily speechless!

Distinguished guest-speaker at the September 1 meeting will be U. S. Congressman J. Arthur Younger. Younger's speech, of a non-political nature, will encompass problems facing our government today.

Travelling Rotarians . . . Julian Cohn, recently appointed to the Planning Committee, visited the Seattle Rotary Club No. 4. Bob Hunter, President of the Daly City Chamber of Commerce, attended a recent luncheon meeting of the Richmond Rotary Club.

DC BOY NABBED BY OFFICER IN TIME TO SAVE GAS EXPLOSION

A 12-year-old Daly City boy was referred to juvenile authorities when, with three San Francisco companions, he attempted to start a fire at Putnam's gas station at Flournoy and Mission streets Saturday night.

Local police officer, David Coleman, was patrolling the area when at 9:35 he discovered the four boys lighting a fire. The officer ran to the scene, extinguished the flames, and caught the Daly City boy.

When the youth was brought to the police department for questioning, he admitted the names of the other culprits, who had escaped down Flournoy street. The San Francisco boys were also referred to juvenile authorities.

Vandals Destroy $150 Worth Of Equipment At Colma School Site

A charge fo malicious mischief at the new Colma school site at Hillside and Mission streets was filed with police at the beginning of the week. A total of $150 worth of equipment destruction apparently was done over the weekend by juveniles, according to police.

The equipment belongs to the Casey Foundation company. Reported damage included broken control gauges and dashboard glass. Vandals also tore all the wires loose from the motor and poured sand in the crankcase of the drilling rig motor.

YOUR NEIGHBORS AND MINE

By Betty Brush

The month of August has left us and the first few days of September with it's three-day holiday is now here. People are making their last trips before school starts and one and all are getting in the last days of vacation. School for some of the young fry starts Tuesday with the rest following next Monday. How quiet it will sound with all of the youngsters gone all day. Can we stand it? I think we can, anyway we'll give it a try. There are still many of the folks leaving on vacations so here goes for the news this week.

This is a vacation! At one time or another we have all dreamed of that particular vacation. Most of us would like to go to the Islands but few of us ever get there. Three of the neighbors known to many of us for a good number of years are among those who have achieved their dream. MR. and MRS. HARRY "DUKE" HUTCHINGS and son HARRY JR. are leaving us Wednesday, September 8, aboard the S. S. Lurline for a three weeks sojourn in the Islands. Before their departure they will be givin a farewell party in the usual tradition aboard ship by Mr. Hutchings business partner which will be attended by his family and a host of friends who will all gather to wish him Bon Voyage. DUKE & LORRIE, to say nothing of SONNY, are well known to all of the neighbors, having grown up in our town and one and all of the folks wish them the most happy of vacations. We will hear more of their trip after they return and I'm sure they'll let us know all the fun they have had.

* * *

ITEMS OF INTEREST

A very beautiful wedding took place last week at the Little Church of the Nazarene on Vista Grande Ave. United in matrimony at this time were MISS BILLIE SUE GEEN of Crocker Ave. and MR. JACK MANTELLI of Visitation Valley in San Francisco. The bride wore the traditional white wedding dress which was of nylon net and ballarenna length and the attendants were MISS NORMA JEAN MANTELLI, sister of the groom and MR. GARY JONES, a friend of the family. The bride's mother was most becomingly attired in a black and white coat dress and wore yellow carnations.

The groom's mother looked very chic in her suit of blue gabardine and wore a corsage of white gardenias. The bride carried a bouquet of white orchids and lilies of the valley entwined with orange blossoms. After the wedding family and friends adjourned to the home of MRS. MANTELLI where the reception was held. At the reception many beautiful wedding gifts were received in addition to those received at a shower held previously in her honor. As the bridal couple left for their honeymoon at Clear Lake they threw the bridal bouquet which was caught by MISS SHARON CASAD who at the moment is going most steady. All the best wishes for many years of happiness are wished this young couple from all the neighbors.

Having a birthday last week was MISS SANDRA CASTELLANO of Santa Cruz Ave. The young lady was hostess to a number of her little friends in addition to many members of her family on the event of her seventh birthday. Of course there was the traditional cake and ice cream plus games to keep one and all happy. Many happy birthdays, Sandy, from all of us, too.

MR. and MRS. HARRY JONES of Vista Grande Ave. were among the members of the JONES FAMILY that attended a grand reunion held at Adobe Creek Lodge last Sunday. The entire family of Mr. Jones was present even unto the third generation. Besides Mr. Jones there were his five brothers, their children and their grandchildren and even their great-grandchildren. All in all there were thirty adults and eight great grandchildren of the Senior Jones family (now deceased) of Petaluma in attendance at this affair. Mrs. Jones is well known to all the folks as one of our smiling favorites who are every ready to help us when we have business at the Bank of America in Daly City.

Sometimes vacations are what we plan them and sometimes they are not. Weather of course has a lot to do with our enjoyment of the days. Some of the neighbors ran into the wrong kind of weather on theirs and had to come home. MR. and MRS. Wm. BRUSH and son RAYMOND of Niantic Ave. packed up the car with all the gear necessary to camping and took off to Richardson's Grove for ten days. They were home almost before they got there due to RAIN! Rain in August is bad enough but rain on one's vacation is just too much. Eldest son BILL JR didn't accompany them as he had different plans. He boarded a greyhound bus for a trip to Los Angeles where from last reports he is having the time of his life and the weather is good.

MR. and MRS. FRANK BOSKEY of Flournoy St. are among the neighbors who spent a week in Los Angeles on their vacation. While there they went through the City of Hope Hospital which is so dear to LYNNE'S heart and are ready to tell one and all about it. They are now home and gladly welcomed by all their friends and neighbors.

* * *

SERVICEMEN

Finally got my first news from A 3/c EDWARD F. HARPER in his new home town. He is stationed at the 6110th U.S.A.F. Hospital in Nagoya, Japan, and likes the base fine. The work he likes, the food he likes, but the weather is hotter than Texas which he just left so it really must be something. He would like to hear from any and all his friends who care to drop him a line. His A.P.O. is 1054 C. Postmaster, San Francisco, and he has lots of time to answer so how about it folks?

Had a letter from A 2/c ANDY ANDERSON of Greenlands Icy Mountains last week. Andy has spent the last year there as a member of an Air Rescue Squadron and now the day of days has arrived. He has been notified that his replacement is on his way and it won't be long until Andy will be back home again. I surely hope that he gets to stop and see me as he is and always will be one of "my boys."

Ex-G.I. ROBERT E. STONE is one of those who went through Korea and came home with more medals than he could carry. Now it seems he isn't feeling his best and is receiving treatment every week at the Veteran's Administration Hospital. All of us who know Bobby are pulling for him and know that with a little time he will be "as good as new" again.

Pvt. JAMES A. JASTRUMSKE is home on a furlough from Fort Ord and at the moment is taking life easy with his mother and brother in Boulder Creek. Jim can use the rest as life of an MP isn't what it is cracked up to be. Jim is another of the boys who just can't see why he is stationed so close to home. Take it easy, Jim, you'll be gone soon enough and long enough too.

* * *

HERE AND THERE

One of my favorite neighbors has taken a trip. MRS. YATES of Los Olivos Ave. went to Santa Clara last week to the wedding of another erstwhile neighbor, MRS. BRYANT. While there she decided she might just as well spend the rest of the week visiting old friends and having a well-earned vacation for herself. Of course her cronies at the whist games will miss her for a few days but she will return.

Having a birthday last week were MAUREEN and THOMAS WAYNE. They are brother and sister and have the same birthday but Maureen was nine years old and Thomas was six years old. They were host and hostess at a family party attended by many members of their family including JUDY and DAVID MARKGRAF of San Jose Ave. Of course there to supervise the youngsters were all the aunts and grown up cousins who had just as good a time as the kids did.

More of the neighbors have left us for a few days. MR. and MRS. WALT PETERSON of Santa Cruz Ave. have taken off to Reno, Nevada, for a week of fun and relaxation. While there they intend to see all those places that we have all heard so much about. Have fun folks, but save carefare home.

Attended a special event sponsored by the DALY CITY RECREATION DEPARTMENT last Friday night. It was the Emergency Polio Boxing Show and it was GOOD! The Recreation Department had gone all out in effort for this affair, the boys had spent many hours in training for the events, there were refreshments, and many empty seats. I am sure that all who DID attend thought of the fact that the boys from little tiny ones to the big fellows in high school were giving the best they had so that other youngsters not so fortunate could even walk. The only thing left out was the support of the folks. WHERE WERE YOU? The price was most reasonable, the boys were your youngsters. They were there. WHERE WERE YOU? Many of the folks went early expecting to have to wait in line for a seat. Were we fooled. How do we expect the men of this town to donate their time to our children if we can't even spare the time to go and see them when they perform. It would be too lengthy to list all the bouts and the winners but I just have to comment on the one that I think gave us the most excitement. It was in the midget class featuring MIKE BURGER and FRED DEL SARTO which ended in a well earned draw. The boys all received silver medals for their efforts and the only disappointed boy in the whole boxing club was MIKE BRUSH who didn't get to fight due to the fact of his opponent being sick and not showing up. There will be other event—let's show the boys we are behind them.

Well, folks, that is it for this week. Tonight many of us will be heading for the country for three days. There will be many cars on the road so drive carefully and let me know where you went so I can pass it on to the folks. Remember, the phone is PL. 5-6482 and I'll be waiting to hear from you. Until next week then—'Bye now.

PARISH LOOKS FORWARD TO SEPT. PICNIC EVENT

Our Lady of Perpetual Help Parish picnic will be held at Roger Reynolds Nursery park, 1600 El Camino Real, Menlo Park, on Sunday, September 19. Honorary chairman is Rev. Norman Allen.

A feature of the event will be a variety booth under the chairmanship of Mr. and Mrs. Michael Cubic assisted by Katherine Ricci, Janet Feldman and Dorothy Stewart. Hot dogs, ice cream and sodas will be available at "Rip" Harrison's concession while other refreshments will be served under the chairmanship of Toni Ricci assisted by John Vinal, Tony Parmisano and Joe McEntee.

Free coffee from 11 a.m. to 2 p.m. will be made by Fred Bricker and George Lombard. Children, besides being admitted free of charge, will be given free ice cream. There will be no advance sale of tickets of admission. General admission at the gate is 50 cents per person.

A hustling committee with Walt Murphy as general chairman are busying themselves in preparation for the event. Other committee members are John Muller, publicity; Lou Thiebaut, Bill Fullan and Bob Murphy, salami booth; Charles Maschinot, P.A. system; George Caligary, decorations and signs; William Whalen, children's races; Joe Arnold, groceries; Dorothy Stewart, gate prizes; Joe Powers, Maurice Bogart and Bill Carrington, other games.

Dancing will be from 2 to 6 p.m. to the music of Angelo Farrigno's union orchestra. There will be many gate prizes and other awards, and a happy day is promised by the committee. All are invited.

WOMEN'S CLUB STARTS FOLK DANCING CLASS

A beginners' group of folk dancing is being organized by the women's association of the Broadmoor Community church. The class is open to anyone in the community but will be limited to 30 couples.

Instruction will be held on Friday evenings from 7:30 to 9:30 starting September 10. Dues are $1 per person a month. For information and registration persons may call Mrs. Kenneth Gillespie at PL. 5-5123 during the day or Elsie MacLaren at PL. 5-0065 during the evening.

Broadmoor Church Women's Group Plans Sept. Salvage Drive

On September 23 the women's association of the Broadmoor Community Presbyterian church, will hold a salvage drive. Anyone who has clean rags, hats and clothes may bring them to the church on 87th street on that date. Proceeds from the drive will go to the church fund.

Republican Women Meet At Luncheon

The San Mateo County council of Republican Women held a luncheon last Tuesday, August 24, at Frank Torres' Restaurant in Montara. Council members from this area and their guests were in attendance and heard an interesting message from the guest speaker, Congressman J. Arthur Younger on the subject of the accomplishments of the 83rd Congress.

Sheridan PTA To Serve Coffee, Donuts During Registration

On September 13, the Sheridan PTA will serve coffee and donuts to the mothers of new Sheridan pupils as they register their children on the first day of the new fall term. Mrs. William Kasakoff, hospitality chairman, will be in charge.

About 1,113,000 parking meters are in use in the United States, the National Automobile Club points out.

HAPPIER DAYS are being enjoyed by recent polio victim, Dick Hicks, and his four-year-old sister, Diane. The 16-year-old Jefferson High school student and local national guard member was struck down with polio Monday of last week during the peak of the recent Emgency Polio Fund drive. Dick is now receiving treatment at San Mateo community hospital. Therapy and hospitalization are being taken care of by March of Dimes funds.

Polio Strikes Jeff Hi Student During Drive

Donations to the Emergency Jolio drive, just concluded, will be used to help a 16-year-old Daly City boy who contacted polio just last week during the middle of the drive.

Richard Hicks, son of Mr. and Mrs. Arnold Ames of 131 Abbott street here ,is now in San Mateo Community hospital undergoing treatment for polio, which struck unexepectantly in his neck, head and legs.

"I don't know what we would do without help from the Polio Foundation," Rick's mother told THE RECORD this week. "Treatment is so expensive, I just don't know what we would do."

Dick, who is a Jeff High student and a member of the national guard here, complained of a slight headache Monday morning of last week. His mother gave him an aspirin.

About 2 o'clock in the afternoon he returned home after going out with friends. This time he lay down on the couch and again complained of a headache.

"My Neck Hurts"

"My neck hurts," a familiar statement to all who know polio first-hand, was made by Dick at 3 p.m. Mrs. Ames took her son's temperature and it registered at 97.3.

An hour later the boy's temperature had risen to 100.14, and his mother, becoming alarmed, phoned the family doctor.

By 6 o'clock, when the doctor arrived, Dick's temperature had risen to 100.95.

"I'm afraid it's polio," the doctor told Mrs. Ames.

The boy was speeded to Kaiser Foundation hospital in an ambulance, and after tests which confirmed the original diagnoses, Dick was transfered to Community hospital in another ambulance.

March of Dimes Help

The March of Dimes is paying for all hospitalization and therapeudic treatment, according to Mrs. Ames.

"One just doesn't realize what a terrific shock something like this is until it strikes home," she declared.

"If there was only something I could do to make people realize how vitally money is needed for the foundation," Mrs. Ames added.

Dick's contacting polio is ironic in that the family has had bad luck with illness for the past year.

Suggests Things-To-Come

It started last summer when Dick had been attending summer school three weeks when he came down with chicken pox. He recovered, and his four-year-old sister, Dianne, caught it. She recovered, then Dick broke out with measles. The boy recovered, and, that's right, Dianne came down with measles.

Finally after Mrs. Ames nursed her two children back to health, she suffered a back injury in October.

In January Dick came down with a two-and-a-half week seige of pneumonia.

This summer, not to break the record, Dick came home with a second case of pneumonia from national guard camp. It left him with an infection in the left lung. Upon recovery, he went hunting with his father, and anti-climaxed it all by breaking out with poison oak.

When this paper asked Mrs. Ames if Dick was a good patient, the answer was logical.

"He certainly is. He's had enough practice."

Joan Molino Now Is Mrs. David Belli

In a charming setting of white gladioli, Our Lady of Perpetual Help in Daly City was the scene of the recent wedding of Joan Frances Molino and David James Belli. Father Edward Varni, cousin of the groom, performed the ceremony.

For marriage the bride chose a white gown of imported Italian silk with a full length trained skirt and a neckline of lace applique. Her illusion veil was held in place with a crown of seeded pearls. She carried a bouquet of white butterfly orchids and stephanotis.

Mrs. Donald Gamma was matron of honor for her sister, and the bridesmaids were Ernestine Bacci and Frances Domeni. The attendants were frocked in ballerini length Burgundy crystalline and carried bouquets of pink antherium. They wore matching accessories. Patty Molino, youngest sister of the bride, was the flower girl. She was gowned in pink nylon net over satin with matching headpiece and carried a bouquet of very small pale pink antherium.

James Grondona performed best man duties and the ushers were Raymond Scocca, Harold Moseman, Donald Gamma and Gerald Molino.

The bride's mother wore a dress of mauve Aleen lace over taffeta and matching accessories, while the groom's mother chose a royal blue peau de soie gown with matching hat and contrasting accessories.

A reception for all the guests was held at the House of Lawton in San Francisco immediately following the ceremony.

The bride is the daughter of Mr. and Mrs. Angelo Molino of Daly City and the bridegroom, who graduated from San Francisco State College, is the son of Mr. and Mrs. David Belli, also of Daly City.

After a honeymoon in Southern California the couple will reside in San Francisco.

AREA PTA PREXYS, HEALTH CHAIRMEN INVITED TO TWO RED CROSS TEAS IN SM

Presidents and health chairmen of all PTA units in San Mateo county have been invited to attend two Red Cross teas to be given by the Nursing Services committees of the San Mateo County Chapter and the Sequoia Chapter at their respective Chapter Houses on Sept. 15.

The San Mateo County Chapter tea will take place from 2 to 4 p.m. in the auditorium of the new Annex, 1449 Bellevue avenue, Burlingame.

Purpose of the affair, is to acquaint PTA leaders with Red Cross Nursing Services programs which are offered as a public service to the community. Special emphasis will be placed on Home Nursing which includes two units, classes in Home Care of the Sick and Mother and Baby Care.

Mrs. C. A. Andrews RN who teaches these classes given in cooperation with the Adult Center of the College of San Mateo will demonstrate equipment used in both units.

The Nursing Services committee plans to extend its activities to outlying communities this Fall, Mrs. Skankey said, and it is the plan to urge PTA health chairmen to carry the message to all unit members, to avail themselves of this free service offered by the Red Cross.

"Welcoming New Faces" Bayshore PTA Meet Theme

"Welcoming new faces" will be the theme Bayshore PTA members are asked to assist with before September 15. It was suggested that all members act as welcoming groups to acquaint new members with the PTA's program of "Progress through action."

Letters will be sent to all of the parents of the new school children enrolling in Bayshore City school, and it was further decided to enclose a newsette which is in the progress of being completed. This will give newcomers the month by month programs to be held by the Bayshore PTA.

Chairman to be featured at the September 15 meeting will be, Mrs. Mae Painchaud, hospitality, and Mrs. Marse Datzman, program director. Bayshore PTA will serve refreshments.

Nurserymen Advise Juniper Species For California

Junipers are particularly useful in California gardens, since the many species and varieties available at nurseries afford a wide range of shapes and sizes, points out the California Association of Nurserymen.

Also the Juniper is generally hardy and green the year 'round, with some varieties varying their foliage shading during Fall to provide changes both unique and attractive.

As for shape and size—there are low growing prostrate types that are fine for ground covers and low foundation plantings. Generally, these stay under two foot height. Among this class are: Creeping Juniper which offers a compact mat of gray-blue foliage; Waukegan Juniper, very handsome on steep banks during the Fall, when its blue foliage takes on a deeper purplish shading; Andorra Juniper with gray-green foliage that tends to turn bronze as the year progresses; and the most popular of all, Tamarix Juniper that has bright green foliage.

Among the informal medium height Junipers that are fine for backgrounds and as fillers are the Pfitzer Juniper with nicely textured gray-green foliage and the Armstrong Juniper that provides a dense mass of soft gray-green foliage.

Twisted or "Hollywood" Juniper and Spiney Greek Juniper are in the upright medium height class. The former is fine in tubs and for foundation plantings. It is informally columnar and picturesque, with twisting branches and green, scale-like leaves. The latter is a symmetrical, semi-dwarf tree with dense blue foliage that is spiny in individual structure.

These are but a few members of the large Juniper family. Your nurseryman will be glad to outline their suitablity for your particular area and purpose and show you many other varieties that he has available.

Chance To Win Free Long Distance Call At PT&T Exhibit

If you plan to be in Sacramento for the State Fair September 2 through 12, stop in at Pacific Telephone's exhibit—you may win a free long distnace call to anywhere you choose in the United States.

The exhibit will be in the Industrial Building, said Roy N. Buell, telephone manager here.

"Even those who fail to win a free call will have a chance to see long distance calls dialed directly from a special 'Telephone of Tomorrow,' without any help from a long distance operator," he said.

To award the free calls, pretty telephone girls will spin a numbered "Tele-wheel." Holder of the lucky number will make his call from a booth on the stage while those who fail to win listen in on individual receivers.

The display features a large map which helps show how calls can travel across the country in a matter of seconds.

California, according to the National Automobile Club, produces most of the national supply of sardines and tuna.

California has 168 tree farms comprising 1,591,934 acres of forest land.

Ridgley Cummings Reports

RAIN, RAIN, RAIN

Somerset Maugham's hardy perennial about Sadie Thompson and the missionary who lost his soul trying to save her has been revived again in Hollywood and the other night I went to see it.

I have a weak spot for Maugham, a writer who is so entertaining that he tends to be neglected by the intellectuals, those strange hybridized creatures who seem to think that nothing is really top drawer unless it is also abstruse and a little boring.

I have a weak spot for "Rain" too, not because it is a perfectly constructed play so much as that the action takes place in Pango Pango and Pango Pango is a place of memories for me.

Alternate To Draft

Early in 1942, as an alternative to being drafted, I found myself in this little Samoan port. It is spelled Pago Pago on all the maps but that is due to a cargo accident a long time ago, when the first printer to sail into the trouser pocket of blue bay was unloading his cases of type from a small schooner, and a wave came along and knocked all the letter "n's" overboard.

The printer did the best he could and spelled his new home Pago Pago, even though it was pronounced Pango Pango. When the U. S. Navy set up a station there the more illiterate among the gobs and marines shortened the name to Paygo, perhaps because that's what happened to their wages, but among those who pride themselves on being knowledgeable world travellers it has remained Pango Pango.

And in the Hollywood play that's the way the actors pronounced it too. They were on the ball.

Afternoon Rains

When I was there twelve years ago it rained every day at four p.m. sharp, a gushing downpour that resembled a man upstairs turning a valve and emptying an oversize bathtub on the beautiful blue bay and the little tropical town that hugged its shores. It also rained in the mornings and at night, but not with regularity and not so long or so bountifully as the afternoon deluge.

That was toward the end of March and I don't know if it was the rainy season or not. Judging from the play, I may well have visited Samoa during the dry season, for all during the three acts in Hollywood the sound effects simulated a steady, continuous downpour.

In addition to liking Maugham and remembering Pango Pango, I had three other reasons for attending this particular performance of "Rain." Two of the reasons were old friends in the cast, Bob Pender who played Sergeant O'Hara and Bill Tomlinson who interpreted the part of Rev. Davidson, that psalm-singing son of a so-and-so as Sadie called him, only she didn't say so-and-so.

Third Reason

I'll have more to say about Bob and Bill in a moment but the third reason deserves airing too. One of my more firmly fixed opinions is that even a poor play is infinitely more rewarding to the viewer than a good movie.

There is something about watching a play that is good for the individual. Aristotle in his "Poetics" called it empathy, the feeling of being one with the players, and kartharsis, a mystical purging process that takes place in us when we participate in the emotional binges of others.

No expert on Aristotle or kartharsis, I'm inclined to explain my enjoyment of plays in simpler terms. A big reason is they are less passive than movies and I've never been the passive type. Another item is the intermissions. With all the conversation and socializing that take place between the acts, I seem to enjoy the intermissions almost as much as the play itself.

Mental Growth

The net result of my playgoing is a feeling of mental and emotional growth, whereas from a movie I usually get only the feeling of time out for second-hand living, a period of suspended animation. As for television, its major function these days is soporific. Sam Goldwyn can take an axe to all the sets now in use and I will cheer him on, though I might regret it as soon as the football season gets underway.

Some movies are memorable and the time devoted to them is not completely wasted. But for me a play is an experience to be chalked up on the credit side, to be looked back at some time in the distant future when I am a tired old man and start to wonder how I could have spent so many years so profitlessly.

To get back to this particular revival of "Rain," unfortunately I've mislaid my program so I can't reveal the names of the two playwrights who took Maugham's short story and dramatized it. They are drawing royalties from their work and that will have to be reward enough, at least in this instance.

Anonymous Bouquets

Likewise all the players except Bob Pender and Bill Tomlinson will have to remain nameless in this discussion, which is a shame for nothing pleases an actor more than to see his name in print. And I would be only too happy to throw bouquets at the girl who played Sadie and the men who played Joe Horn, the drunken trader married to a native girl, and the Doctor, companion to the missionaries during their enforced stay on the rainy island. But no program, no names.

As for my two friends, they gave stellar performances and I intend to give them clippings of this appraisal for their scrapbooks.

I've known Bob Pender since the days when he was a promising juvenile lead acting in Paramount's "Golden Circle" of potential movie stars. The studio abolished the circle before they got around to starring Bob. Since then he's changed his name to Reed Pender and has been auditioned by Universal-International, with a possible movie role in the offing. Bob used to be just another of the scores of round-faced, handsome athletes around Hollywood but in recent months he has slimmed down and matured and now has real potentialities.

A Paternal Eye

Bill Tomlinson is talier than Bob and Bob is taller than me and I'm over six feet, so that gives him one of the qualities that male actors need in this town. Bill is a worker, serious, a plugger, and may make it as a character actor. He played the lead a few years ago in "See My Lawyer," a production which I helped stage, and I've been watching his progress with a paternal eye ever since.

As for "Rain," it has been playing sporadically since 1921 and probably will continue for a long time. The glamor of its geographical setting gives it a ready made audience. I was on a ship that carried 2,000 marines to Pango Pango and probably every one of them would like to see the play if only for the nostalgic value of the sound effects.

Community Concert Group Makes Final Plans For Dinner

Final arrangements were being made this week by J. F. Irick, dinner chairman for the Vista Grande Community Concert association for the dinner to be held September 3 at Rickey's Red Chimney in Stonestown.

Officers of the association, President Thomas E. Brewer; Vice Presidents Mrs. Sanford Vickers and Roy A. Walker; Secretary, Mrs. Alan F. Mori; Treasurer, J. F. Irick and Division Chairmen Mesdames Harold R. Brown, J. Edmond Cyr, Edward J. Dennis, A. L. Desmond, Charles Douglas, W. A. Hyers, Carlton A. Read, Walter Rentsch, and Otis Simonsen will gather with their staffs for final instructions prior to the membership campaign to be conducted during the week.

Miss Alma Lauritzen, field representative of Community Concerts, Inc. of New York, will be present to direct the association during the campaign and also help select the artists to be presented by the association in Daly City.

Brewer announced that arrangements have been completed to set up headquarters during the campaign week at the Fashion Shop, 321 South Mayfair in the Westlake Shopping center. A telephone will be installed during the coming week for use by the association.

Purpose of the membership campaign is to recruit members for the association, which will sponsor a series of concerts in Daly City during the coming season. Membership dues, $6 per year for adults, $3 for students will entitle one to free admission to all concerts. A membership card will also permit one to attend any concerts presented across the United States by Community Concerts, Inc. For over 30 years they have been organizing associations across the country. They now have associations in over 1000 communities.

LOCAL ROOFERS SUMMONED TO UTAH FOR PROJECT

Clients come a long way to seek out Bill Degliantoni of Daly City's American Roof Maintenance Co., 6281 Mission street.

Degliantoni returned by plane this week, after handling a greenhouse glazing job in Farmington, Utah.

He was summoned to Utah Monday by the owner of the greenhouse, who wished to find an economical way to install glass on the houses so it wouldn't leak or slip out of place.

According to Degliantoni, the old method of installation cost an average of $8000 per greenhouse. The local roofer showed the florist how to do the job for $2500 per greenhouse.

"I saved him about $90,000," Degliantoni estimated.

The Daly City roofing firm uses a special material which holds the glass in place, keeps the heat inside and stops leaks, all at a low cost, Degliantoni said.

Read John 12:20-26.

Sir, we would see Jesus. (John 12:21.)

One day the beloved Bishop William Oldham was taking a walk in the garden of one of our Latin-American schools. While there, he met two sisters who were playing. As was his custom with children, he laid his hand on the head of the younger and looked at her with a smile. Then, without saying a word, he continued his walk. The little girl, amazed, ran to her sister and asked, "Is he Jesus?"

Something different and unusual in the bishop's face had connected itself, in her childish imagination, with the picture she had created of Jesus. Now that picture in her mind had become real in the face of Bishop Oldham.

Have we surrendered our lives to Jesus Christ's power and influence? Are we showing to this world of chaos and misery the radiant face of Christ? Today, more than ever before, the unchristian world needs to see the reality of Jesus Christ in our faces and our lives. Thus we can help others to find peace, faith, and hope through Christ, our Redeemer.

PRAYER

Eternal Father, grant us so to surrender our lives to Thee that Thy power and influence may be seen in us. Forgive us for failing Thee and our fellow men by closing our hearts to Thy love and strength. In Jesus' name. Amen.

THOUGHT FOR THE DAY

Is my life a testimony to Christ's presence and power?

Samuel Araya (Chile)

SLATE FIRST MEET FOR ST. MICHAEL'S SCHOOL MOTHERS

The Mothers' club of St. Michael's school will hold its first meeting of the fall semester on Monday evening, September 13, 1954, at 8 p.m., in the school auditorium.

The speaker for the evening will be the newly elected president of the presidents' council, Mrs. James Kearney, who will be introduced by the past president of the council, Mrs. James W. Thain.

As this is to be the first meeting of the Mothers' club and the club is fortunate in having Mrs. Kearney as its speaker, all mothers are urged to attend.

Refreshments will be served at the close of the meeting.

BROADMOOR PASTOR RETURNS TO PULPIT

The Rev. John A. Glasse, Broadmoor Community Presbyterian church minister, and his wife, returned Tuesday from a three-week vacation touring the United States.

The minister said he will conduct regular Labor Day services Sunday at 11 a.m. at the church.

His topic will be, "8000 Miles of God Blest America."

St. Thomas More Church Group Plan Monthly Meeting

Following the initiation of new members by Bishop-elect John J. Scanlan on September 7 at 8 p.m. in St. Thomas More church, Mrs. John J. Konantz, newly installed prefect, will open the regular monthly meeting of the Sodality of The Assumption.

Additional officers installed for the new term are Mesdames I. J. Marlar, vice prefect; Robert Cheatham, financial secretary; Frank Walsh, assistant financial secretary, and Miss Rose Desmond, recording secretary.

Chairmen appointed are Mesdames Mario Perotti, membership; John McLean, Legion of Decency; E. P. McKee, sodality sacristen; G. T. Mazzon, hospitality; William Miller, decoration; Robert Webb, publicity; Miss Kathleen Hall, program.

Applications for membership were distributed at each Mass last Sunday to open the Sodality's membership drive for the coming year. Ladies of the parish unable to obtain a copy are urged to contact Mrs. John J. Konantz, PL. 5-0608, or Mrs. Mario Perotti, DE. 3-3440, for additional information.

Hope Lutheran Church Celebrates Fifth Anniversary

Last Sunday evening the members of Hope Lutheran Church gathered in the Broadmoor Community center to celebrate the fifth anniversary of the first Lutheran service held in this area. Present were past members and friends of the congregation. The Reverend John E. Marozik of Redwood City, and the Reverend Charles Felton of Watsonville.

A brief program presenting past highlights of the history of this congregation was followed by refreshments served by the young people of the Church. The scale model of the proposed new Church was displayed, and plans for the construction in the near future were discussed.

The Reverend Louis C. Marting has been Pastor of Hope Church since March 1951. He was preceded by the Rev. Max Zschiegner, now serving as missionary in Japan.

The past officers of the congregation and its auxiliary organizations contributed to the program.

The program closed with a brief candlelight devotion in commemoration of the past years of blessing.

Broadmoor Girl To Dance At State Fair

Judy Del Zompa of Broadmoor is among the junior ballerinas who will perform at the Sacramento State fair. Children from the Ballet Petite dancing school are the first dance group from the Bay Area to be presented at the fair, according to Director Leota Swager.

Two performances are scheduled for the fair on September 4, the first at 2:30 p.m. and the second at 7 p.m., both in the Outdoor theater.

The Save the Redwoods League has raised several million dollars to match State funds for purchase of redwood parks in Humboldt and Del Norte counties.

REV. SCHLIESSER TAKES OVER AT LUTHERAN CHURCH

Special installation services on Sunday, September 12, 1954, at 4 p.m. will mark the initiation as new minister of the Rev. Luther M. Schliesser Jr. at the Lutheran Church of Our Savior, Junipero Serra & Garfield, San Francisco.

Mr. Schliesser and his wife Mary Jane come from Youngstown, Ohio, where for the past three years he has been assistant pastor at Martin Luther church. Prior to that, he had attended Texas Lutheran college and received his bachelor of arts degree in 1948.

In 1951, he graduated from Wartburg Theological Seminary at Dubuque, Iowa, with a degree of bachelor of divinity. He was the fourth member of his immediate family to have been a student at Wartburg. He holds a commission in the Army Reserve Corps as chaplain with the rank of first lieutenant. It is evident, that, despite his age, 26, the Rev. Schliesser comes well prepared to his new pastorate, where he will find a field easy to enlarge, while preaching and teaching the gospel of God.

YWCA Lists Forty Activities For Fall

"Take a look at your life. Does it need a new perspective?" This is the query of the San Francisco Y.W.C.A. in their new Fall activities folder now available. It urges the reader to choose a course to give one's life three dimensions, and then presents an imposing list of more than 40 classes, clubs and activities planned to give this more rounded outlook.

Opening the week of September 20th, at the 620 Sutter Street Y.W.C.A., classes range from badminton and ballet to textile painting and trimnastics. Activities include a film series, weekly dances for young fellows and girls, and a bridge players group.

Developing "the inner you" and courses in voice and diction, ceramics, photography, painting, and other crafts, which give the individual opportunities for self expression. For "the outer you" there are classes in swimming, dancing, and many sports, as well as exercises for trimming the figure, wardrobe planning, dressmaking and millinery. Completing the dimensions with "all around you" are club activities for meeting new friends, a lecture series on the contemporary arts presenting local artists and craftsmen, and a film discussion series on world affairs —plus bridge lessons to add to the individual's enjoyment and desirability as a good partner.

These and many more activities are available at the Y.W.C.A., a Community Chest Agency, starting the week of September 20. Registrations are open now at the 620 Sutter Street Y.W.C.A. A folder will be mailed upon request.

GOP INITIATES CAMPAIGN WORK

A meeting of Republican Central Committee members and local Volunteer Workers was held recently at the Colma City Hall for the purpose of laying the groundwork for District No. 1 campaign activities in the coming November election.

Anyone interested in volunteering their services for assistance in carrying out the program this fall may call one of the following in the areas designated: Westlake—Mrs. Doris Martini, PLaza 5-6758; Daly City (other than Westlake)—Mrs. Maybelle Bried, PLaza 5-7707; and Colma-Broadmoor—Mrs. L. W. Drumheller, PLaza 5-4959.

Mel Dykman Hands Out Cigars For New Baby

Mr. and Mrs. Melvin Dykman became the proud parents of a baby boy, John Anthony, Wednesday at 6:30 p.m. Dykman, formerly with this paper as circulation manager, is now associated with Frank Blum and Thomas Gallen of this city. Grandparents of the new baby are Mr. and Mrs. John L. Dykman of 198 Wellington street here.

The Central Valley Water Project pumping plant near Tracy will take care of all the flow of the San Joaquin river and about half the flow of the Sacramento river during low water periods, if operated at full capacity.

Parochial School Opens On Tuesday

Our Lady of Perpetual Help school will open its doors to a clamoring throng of pupils next Tuesday. To help bridge the first few hours of loneliness of Kindergarten mothers, the Mothers' club invites mothers of newly enrolled pupils to coffee in the school auditorium. First grade mothers will act as hostesses.

Also on Tuesday, the monthly whist and dessert will be held at 1:30 p.m. Mrs. Janet Fellman will run the whist as usual, and officers and yearly chairmen will be in charge of the event.

The first meeting of the new term will take place Friday night, September 10, at 8 p.m. in the school auditorium. An invitation to join is extended to new mothers or anyone who is interested in the welfare of the school and parish.

Mrs. Tony Ricci, president, announces that the officers and yearly chairmen, under the direction of Mrs. Joseph Balestreri, will act as hostesses during the social which will follow the regular meeting. The object of the social will be to welcome new members.

SF WOMAN HURT IN CHAIN-REACTION DC AUTO ACCIDENT

A San Francisco woman suffered major injuries when the car in which she was a passenger was involved in a three-car accident at Junipero Serra hospital and Knowles avenue here Sunday afternoon.

Mrs. Nicholas Petrecerich, 242 Second avenue, San Francisco, suffered neck and back injuries when the car which her husband was driving was hit by a second car, which, in turn, had been hit by a first car.

Driver of the first car which started the chain reaction was cited by local police for driving without due caution and following too closely behind another car. Cited was Echo May Hawkins, 60, public stenographer of 2455 Clement street, San Francisco.

Norma Cady To Wed San Anselmo Girl

Norman Cady, son of Mr. and Mrs. Virgil Cady of this city, will take a San Anselmo bride this Saturday. The future Mrs. Cady is Miss Patricia Paton, daughter of Mr. and Mrs. Howard Paton.

The wedding, which will be performed before 70 guests, will be held at the bride's home. A reception will follow the ceremony, after which the couple will leave for a short honeymoon at Lake Tahoe.

The groom, a graduate of Jefferson Union High school here, will continue his studies at San Francisco State college after the marriage. The future Mrs. Cady will keep her present position with the Federal Bureau of Investigation.

Bill Allen, close friend of the groom's and Daly City resident, will serve as best man at the wedding. Miss Pamela Paton will assist her sister as maid of honor.

The couple will live in San Francisco upon their return from the honeymoon.

One lighted match or cigarette, carelessly discarded, can destroy thousands of acres of forest and watershed cover, rangelands and grass. Be careful with fire. Help keep California green and golden.

Tom, The Plumber Says:

There's nothing more annoying
Than a nasty, clogged up sink,
To fix it up, we plunge right in,
Quicker than a wink.

VISUAL SOCIETY WARNS OF CHILD SIGHT HANDICAPS

One child in every five entering grade this September will be hampered by a visual handicap, according to the Vision Conservation Institute. The Institute based its warning on Optometric research which also revealed that 40 percent of the children in the fourth grade and 70 percent of the children in the eighth grade need visual help.

The increase between the first and eighth grades results from the additional demands placed on vision as a child progresses through school.

Most of these visual handicaps are not obvious and for that reason have not been corrected. Even the most alert parents and teachers fail to recognize these inadequacies. Such inadequacies have a direct effect on the ability of the child to realize success in school.

Limitations of the standard eye chart tests were also pointed out. A child who passes this test is said to have 20/20 vision, yet he may actually be the one who needs visual care rather than the child who does not have 20/20 vision and who fails the examination.

A child often shows vision defects by squinting, holding his head too close to his work or most often by failure to do school work he should easily handle.

One survey revealed that the majority of children who have 20/20 vision do not do well in school. Those who fail the 20/20 test, on the other hand, are usually in the upper one-fourth of their class scholastically.

Children do not learn in school at twenty feet, but rather at distances of ten to sixteen inches. The fact that they can read at twenty feet what they should at twenty feet and thereby pass an eye chart test — does not mean that they are perpared for the visual tasks they must perform in school.

Catholic Ladies Aid Society Plans Whist

Monthly whist of the Catholic Ladies Aid, Branch 59 of St. Michael's Parish, will be held Thursday at 1:30 p.m. at the school auditorium, 55 Farallones street.

Proceeds will be used for relief work.

Members whose names start with the letter F, G, and H are on the committee.

Village Notes

By Martha Pinney

School will soon start again but vacations are still in full swing so let us hurry along. . .

GARDEN VILLAGE

Mr. and Mrs. Halvdan Juhl have just returned from a vacation in Santa Barbara and Santa Maria where they met old acquaintances from Phildelphia, Mr. and Mrs. Ralph W. Tippings. The two couples enjoyed the Santa Barbara fiesta together.

Welcome to newcomers Commander and Mrs. Glenn E. Whaley and children Ella Jean and Douglass who recently moved to Village Lane.

WASHINGTON

The John Le Pines and children Janice and John just returned from a week's vacation in Bolinas.

Candace Dalzalle celebrated her seventh birthday August 31 with a luncheon and matinee show with her friends. Enjoying the fun with her were Susan Redford, Mary Terry, Alis Claussen, Linda Peters, Lynn Parkison, Susan Subki, Peggy Danford, and Christine Mitchell.

SWEETWOOD

Davey Merchant celebrating his seventh birthday on August 31 didn't plan a party. His mother invited all the neighborhood children in for cake and ice cream.

Another birthday boy, Jimmy Nissen, celebrated his eighth birthday with a family dinner on August 24.

Mr. and Mrs. John McKinley and four children have returned from two weeks' vacation at Lake Tahoe.

Mrs. Barbara Harvey had a birthday August 22. To help her celebrate, Mrs. Dorothy Ellis invited Eleanor Raymond, Laura Vallejo and Evelyn Long to share cake and coffee.

87TH STREET

The Laurence Magoons have returned from their vacation. Young Ken Magoon had his pal Buddy Hess along on the trip.

Jimmy Swoverland celebrated his eighth birthday August 23. Joining him for the festivities were Bill, Dorothy and Carol Irvine, Michael, Owen and Sammy Marowitz, Alan Contreras and his sister Nancy. To top the celebration, Jimmy, Nancy and their mother left for a week's vacation in Calistoga the next morning.

MIDWAY

Mrs. Mabel Downing of Ponca City, Okla., has been visiting her daughter and family, Mr. and Mrs. Carlos Mattson, and Karen and Marolyn.

STEWART

Sorry to hear that Meredith Orloff has had to return to the hospital. Let us hope she will be well soon.

MADDOX

Jack Mitchell celebrated his birthday with a family party held at Capitola where his grandparents live. Joining the family for the celebration were his friend Bryce Stockflager and mother, Mrs. Pat Stockflager.

FOOTHILL

The Frank Deth Lefson's have returned from a vacation spent in Ben Lomond.

SWEETWOOD

Mr. and Mrs. Rex Spruiell spent last week at Lake Tahoe.

So long for now, . . .

California produced 1,545,000 crates of fresh asparagus in 1953.

Lots to see - lots to do . . .

. . . come often - see it all!
It's an ALL-NEW Fair . . . with more to see, more to do than ever before. It's tops in California's agriculture, industry, arts, homemaking and entertainment. Make it a holiday of fun and education for the whole family!

The Outdoors

PROSPECTS GOOD FOR AUGUST 7 COASTAL DEER SEASON OPENING

Prospects are good for a record deer harvest when California's early deer season opens Saturday August 7 for a five-week run in coastal area counties from Mendocino south to Orange and western Riverside.

Deer are plentiful and in good condition in most sections, Department of Fish and Game wardens and game men report. A heavy turn-out of hunters is predicted.

Bag limit for the coastal season is two bucks, forked horn or better. Shooting begins one-half hour before sunrise and ends one-half hour after sunset. The season ends September 12.

Wardens warn that six game refuges will be closed to all hunting. Included are refuges 2A in Lake and Mendocino counties, 2B in Marin (Mt. Tamalpais), 3F in Contra Costa, San Francisco Refuge in San Mateo County, 3G in San Mateo and Santa Clara (Stanford University), and 3B in San Benito-Monterey.

Department observers have sighted "an awful lot of forked-horns" in the Santa Clara-Monterey area. Deer numbers in the Santa Barbara-Ventura region are said to be very good. Southern California prospects are expected to be about on a par with last year, when most counties tallied near-record kills.

Mendocino and Lake counties report many mature bucks, and herds in good condition.

Fire hazards everywhere will be high, with closures expected to be about the same as in 1953.

In line with the California Fish and Game Commission's newly adopted policy that the public should have opportunity to reserve shooting dates on the state-managed waterfowl areas, the Department will recommend a plan providing for lottery reservations at the August 20th meeting of the Commission at San Diego.

The recommendation also will include provision to accommodate first-come, first-served hunters on the areas where reservations are insufficient to fill them to capacity.

Information on the proposals was released today jointly by William J. Silva, Commission president, and Seth Gordon, Department director, to give sportsmen and others interested ample opportunity to study them prior to final consideration by the Commission at San Diego.

The Department will recommend:

1. Advance registration by lottery for all areas except the Napa Marshes, with any remaining vacancies to be filled at the shooting grounds on a first-come, first-served basis except at Grizzly Island.

2. A uniform statewide daily fee of $2 for adult hunters on all areas, except Napa Marshes, with no fee distinction for blinded and non-blinded areas in the Imperial Area. No fee for hunters under 16 years of age, but each junior hunter to be accompanied by an adult permittee assuming legal responsibility for the junior. Previous seasonal fees for Napa Marshes remain unchanged.

3. Official reservation application forms, available to the public through license agents, to be filled out and mailed to the Department's Sacramento office and to be received in that office at least 14 days prior to the date on which the applicant wishes to hunt. Validated reservations to be mailed to successful applicants approximately 10 days in advance of the reserved shooting date.

4. Applicants be permitted to apply either singly or in pairs for reservations, with a choice of three dates on each application, but no person to be entitled to more than one reservation on any one waterfowl management area during each half of the split hunting season.

5. Each successful applicant to present a validated reservation at the appropriate area checking station at least one hour before shooting time on the designated shooting date. Vacancies (except at Grizzly Island) to be filled by issuance of permits to licensed hunters actually present on a first-come, first-served basis, regardless of the number of times such persons may have hunted on the area.

6. At Grizzly Island, due to the ferry situation, hunting to be by validated reservation only, with permits honored from 12 midnight to 2 p.m., and no fill-ins allowed.

7. Shooting days for waterfowl on state-operated waterfowl management areas (except the Finney and Ramer units of the Imperial Area) to be Wednesdays, Saturdays, Sundays, the opening and closing dates of each half of the waterfowl hunting season, and Armistice and Thanksgiving Day when these holidays fall within the legal waterfowl season. All state-operated waterfowl management areas to be closed to hunting on New Year's Day and Christmas, except when such days fall on the last day of the season.

8. The Finney and Ramer units of the Imperial Area to be open to hunting by permit throughout the waterfowl season, with the exception of statewide Election Day, Christmas and New Year's Day, unless any of such days fall on the last day of the season.

9. No shotguns larger than 12 gauge to be fired or possessed on any state-operated waterfowl management area.

MOBILE TROUT PONDS AID PLANTING CREWS

Mobile trout planting bases in California's central Sierra region are helping crews of the Department of Fish and Game make more efficient use of the production capacity of the state's new trout hatcheries.

Up to 40,000 catchable-size trout can be held at one of the portable bases for as long as four days without ill effects. The holding ponds consist of 50-foot sections of 8-foot-wide aluminized steel culvert, cut in half to form two long troughs. The whole apparatus can be taken down and moved to suit the changing year-to-year pattern of trout planting activities.

Catchables can be hauled to the bases in loads of 10,000 or more in the Department's 1500-gallon tankers. Transferred there into pickup-sized tankers, the fish can be carried, 1500 to 2000 at a time, direct to stream-side.

Trout for planting in El Dorado, Amador and Calaveras counties are now being hauled over-night from the new hatchery at Darrah Springs, Shasta county, for distribution from the mobile base at Kyburz, on the South Fork of the American river. Nearly 160,000 catchables will be stocked from this base this summer, with plantings spaced about 2½ weeks apart.

Another base has been set up on the Bear river, Placer county, to serve Placer, Nevada, Sierra and Yuba counties. About 215,000 trout will be stocked from this unit.

Additional bases will be set up if this year's pilot operations prove successful.

SPECIAL DEER HUNTS

Here's how to apply for a permit to hunt in one of the seven special antlerless or either-sex deer hunts approved for this fall by the Fish and Game Commission:

1. Fill out the application form attached to your 1954 Deer Tags.

2. Mail your completed applications to the Department of Fish and Game, 926 J street, Sacramento. Keep your tags. Deadline is August 16.

Permits for the hunts will be issued on a lottery basis, with drawings in Sacramento on August 30. Winners will be notified by mail, at which time they will pay their $2 permit fee.

(The above rules do not apply to the San Benito Hunt; applicants for this one must appear in person at a lottery in Hollister on August 21.)

You can apply for only one hunt, and must name the hunt you want on your application. You must have a valid 1954 hunting license, and be over 12 years of age. You can't name the exact date you want to hunt; for each area, the first names drawn will get the earliest dates. Two persons (but not more than two) may submit applications together to hunt as a party. Both applications, of course, must be for the same hunt.

Details of the special seasons: Sierra foothills zone I (Nevada, Yuba, Placer counties) — 1,000 either-sex; two hunt periods; October 11-17 for first 500 permittees, October 18-24 for second 500. Sierra foothills zone II (El Dorado, Placer, Sacramento, Amador counties)—1,000 either-sex; October 4-10 and 11-17. Capay Area (Yolo County) — 1,000 antlerless; October 25-31, November 1-7. Barton's Flat (Fresno and Tulare counties)—400 either-sex; November 18-20, 21-23, 25-27, and 28-30. San Joaquin River Unit (Fresno, Madera counties)—600 either-sex, October 27 to 31. San Benito county—264 public and 66 landowners' permits; antlerless, September 18-19, 25-26, and October 2-3. Glennville Area (Tulare and Kern counties) — 200 either sex; October 28-30 and October 31-November 2.

MONSTER FISH ARE SPIED ON

How many sturgeon are anglers taking in this year's first open season since 1917? Are the new regulations giving enough protection to the slow-growing giants?

Fisheries management men have given sturgeon only a passing nod since these biggest freshwater fish in North America were placed under full protection nearly 37 years ago.

This summer, with sportsfishermen again authorized to seek the finny monsters, the Department of Fish and Game has assigned Biologist Richard L. Pycha to tag some of the big fish and make other investigations to learn how fast they grow, when and where they spawn, and how heavily they are being harvested.

Future regulations and management plans will hinge on the outcome of Pycha's study.

SACRAMENTO, SISKIYOU RECREATION MAPS OUT

A map of the fishing, hunting, and general recreational areas easily reached from Sacramento is now available at offices of the Greater Sacramento Chamber of Commerce andm the State Department of Fish and Game. The map, which covers from Lake Almanor south to the Sacramento-San Joaquin Delta, is published as a cooperative effort by the two organizations.

Another map, the Fish and Game Department's popular ("Anglers' Guide to the Marble Mountains," (Siskiyou County), has been revised and is again available at the agency's regional offices.

Applicants for the Marble Mountain Map are asked to include a stamped, self-addressed envelope with their request.

DEPARTMENT ACTS TO PREVENT SPREAD OF PHEASANT DISEASE

Swift action to prevent spread of a deadly virus disease among pheasants has been taken by the California Department of Fish and Game.

A quarantine has been placed on the only known infected flock—belonging to a Central Valley private pheasant breeder—and Department game managers are on the lookout for signs of the disease in other birds.

The malady, avian encephalomyelitis, or epidemic tremors, has long been known as a mild chicken disease. Unlike the similarly named encephalitis or sleeping sickness that sometimes occurs in horses, the bird disease is not contagious to humans. The two ailments are not related, laboratory scientists say.

Hitting pheasants for the first time, the disease has struck with unusual virulence. The private breeder, who reported the disease and offered his full cooperation in stamping it out, stated that over half his entire flock has been killed. The virus affects the pheasant chicks when they are about seven days old.

CONFISCATED GUNS TO BE AUCTIONED

An assortment of guns forfeited by law violators will be auctioned off by the California Department of Fish and Game at the National Guard Armory, 1800 Mission street, San Francisco, at 8 a.m. Saturday, July 24.

The weapons will be on display for prospective buyers from noon to 10 p.m., Friday, July 23.

COMMERCIAL FISH CATCH DROPS TO 22-YEAR LOW

Landings of commercial fish in California ports during 1953 slumped to the lowest mark in 22 years.

The 546,360,000 pounds of fish brought in by the commercial fishing fleet was off 21 per cent from 1952, according to the annual statistical report just published by the marine fisheries branch of the California Department of Fish and Game.

A total of 694,977,000 pounds was brought ashore for sale or processing in 1952 and 904,088,000 pounds in 1951. The last time the California catch dropped below 550,000,000 pounds was in 1931, when landings totaled 502,390,000 pounds.

Fisheries specialists credited the nose-dive to the virtual disappearance of the sardine from Pacific coastal waters. Since the 1930's, they have repeatedly warned of the dangers of overfishing and called for protective legislation. (Commercial fishing laws are set by the Legislature and not by the Fish and Game Commission.)

Catches soared to nearly a billion-and-a-half pounds a year in the 1930's and 1940's, before sardine and mackerel shortages brought totals tumbling.

Last year's tally reflected a general drop-off for nearly all species.

Tuna, the fishery's top cash crop since World War II, led in total poundage for the third straight year with landings of 298,000,000 pounds. This was off about 18 per cent from the 1952 total, however, to mark the lowest catch since 1948. Yellowfin tuna, at 132,086,000 pounds, was the highest producer, followed by skipjack at 122,306,000 pounds and albacore at 33,835,000 pounds.

The 1953 sardine landings stood at 9,469,000 pounds, compared with 14,330,000 pounds in 1952 and 714,522,000 pounds in 1950, the last "big" year. The jack mackerel haul last year totaled 55,750,000 pounds, against 146,521,000 pounds in 1952. Pacific mackerel totals dropped from 20,605,000 pounds to 7,502,000 pounds in 1953.

Only anchovies, among the major fish crops, showed an increase. This expanding fishery landed 84,504,000 pounds in 1953, against 55,783,000 pounds in 1952, the previous record high.

Salmon boats, operating principally out of San Francisco, took 7,969,000 pounds in 1953, compared with 8,127,000 pounds in 1952.

The total shellfish take was 24,081,000 pounds, compared with 23,706,000 pounds in 1952. But a doubling of the squid harvest, from 3,671,000 pounds to 8,917,000 pounds, accounted for the increase, with totals for most other species falling off. Crab fishermen took 8,253,000 pounds in 1953, against 12,941,000 pounds the year before. The abalone take was 4,720,000 pounds, against 4,732,000 pounds in 1952.

Both eastern and pacific oysters showed lower harvests, tallying 130,000 and 161,000 pounds respectively, compared with 162,000 and 180,000 pounds in 1952.

The commercial fleet took 5,212,000 pounds of Yellowtail and 3,103,000 pounds of bonito in 1953. This was a drop of 4,235,000 pounds or 45 per cent for yellowtail, and an increase of 45 per cent for bonito.

California halibut showed a slight increase, with 530,000 pounds caught in 1953 and 525,000 pounds caught in 1952. Pacific halibut fell off from 242,000 pounds in 1952 to 98,000 pounds in 1953. Sole dropped from 20,892,000 pounds to 17,527,000 pounds.

Items for consideration of the Fish and Game Commission must now be submitted to the Commission's 926 J street office in Sacramento 15 days ahead of the public meeting instead of 10 days.

Commissioners decided on the advanced deadline so that they and others interested would have more time to study the subjects.

JEFF HIGH OPENS NEW CAFETERIA

Jefferson Union High school's new cafeteria building will be opened for the new school year; according to District Superintendent Stanford Hannah. "Finishing touches" are being applied, furniture will be installed and the building made ready for use.

The dining room will seat over 300 students. The building is modern in design. The entire room is light and will be a welcome change from the "hole-in-the-wall" formerly used.

The kitchen too is conveniently arranged. Two serving lines have been provided so as to speed up the service. There is a separate dining room for the faculty and a steam table provides service for the teachers.

The second floor of the building houses a new Homemaking department. Foods, Clothing, Family Living, and Consumer Education for men will be taught in this department. A living area and a dining area look out onto a panoramic view and this added facility will enable the department to give more comprehensive training, according to Hannah.

The teachers' conference room provides space for the teachers to hold department meetings or to do work such as duplicating.

The Little Theatre will be used for the teaching of Drama, Public Speaking, and Vocal Music. It will be available for PTA and similar meetings.

The nurse's office makes possible a service which Jefferson has needed for a long time. "The nurse will be available for necessary first aid," said the district superintendent recently, "but this is not her principal function." "The nurse's main job will be the teaching of health and the improvement of student health in every way possible," he added.

"Beautiful as this building is," commented the board chairman, Lyal Ingersoll, "the cost was no more than many less attractive buildings. In fact the board and the architect were greatly surprised when the bids were opened."

Total cost of the building is said to be about $360,000.

It's erection helps the school to meet it's growing needs and provides facilities every modern high school should have," explains Hannah.

Day's Lesson: It Doesn't Pay To Challenge Cops

Sergeant Dean Wood of the local police department doesn't like games at 2:30 a.m. with tipsy drivers.

Or so learned William Cohn, 51, 40 Forest Grove drive of Westlake, early Monday morning when the sergeant arrested him at Forest Grove and South Mayfair drives, a half-block from Cohn's home.

It seems that Cohn, in a playful mood, attempted to block the path of the police car when Wood tried to pass him. The sergeant first started to pass Cohn's car on the left, and Cohn moved over to block his way. Making another attempt on the right, the sergeant was again cut off.

Cohn, who came out the games loser, was charged with driving while drunk after he flunked a sobriety test at Junipero Serra hospital. After spending the night in jail, he was released on $25 treasury bond. Trial is set for 10 a.m. on September 14 at Municipal court.

Piercing Twin Peaks in San Francisco is the longest surface-line tunnel devoted to rapid transportation in this country.

The aqueduct which carries water from the High Sierra to San Francisco reservoirs is composed of mountain and foothill tunnels and pipe lines.

Jeff High Workers Are "Busy As Bees"

A bee-hive has nothing on Jefferson Union High school as a center of activity, according to Superintendent Stanford Hannah.

"How's the vacation?" someone recently asked the district superintendent. "Hah!" snorted that official, "Follow me around one of these days."

Five contractors are at work on the campus. Ralph Larsen & Son are finishing the new cafeteria building. The Industrial Painters are re-finishing several class rooms and painting the three rooms made from the old cafeteria. Lowrie Paving Company is repairing and re-surfacing all the driveways. D. Zelynsky is painting various tables and other pieces of equipment with a new long lasting type of paint. K. C. Martin is installing a retaining wall at the football field and the Pittsburgh-Des Moines Steel company is erecting the new steel bleachers.

"In the meantime we have been working with architects to finish the preliminary plans for Westmoor High school," said Hannah.

During the summer all rooms have received a thorough cleaning, repairs have been made, and everything put in order for the new school year. Furniture for the new building and added class rooms are being installed. Supplies, books, and other materials must be purchased, distributed, and catalogued. The clerical staff has all student class programs ready, rooms assigned, and keys ready for issuance.

While all this is going on the administration must plan for the new year, prepare staff meetings, organize the faculty for teaching assignments as well as extra-curricular activities.

"Yes," said the district's chief administrator, "it was a wonderful vacation while it lasted. I'll be glad when school starts."

VEHICLE DEPARTMENT SUSPENDS LICENSES OF FOUR LOCALITES

The licenses of four local residents were recently suspended by the California Department of Motor Vehicles. They are Oscar H. Carlson, 56 San Pedro avenue, Daly City; William M. Lyman, 6231 Mission street, Daly City; Samuel Charles Van Liew Jr., 215 Knowles avenue, Daly City.

Permanent reinstatement of license was granted to Donald J. Larsen, 30 Paul street, Daly City and Hilarie Morteo, 788 Bellevue avenue, Daly City.

Black Widow Spiders Prevalent In Area, But Are Not Dangerous

The health department here reports that they have received numerous calls in the past month concerning the number of black widow spiders in the area.

"Black widow spiders are common throughout this area and probably can be found in every resident's basement," said a health department representative this week.

The spiders, contrary to popular belief, bite very rarely. There has never been a report of a black widow bite in the area, according to the department.

Information concerning a spray to control the spiders may be obtained at the health department, PLaza 5-0772.

NOTICE TO VOTERS

NOTICE IS HEREBY GIVEN to the electors of the State of California that the following Bond Act will be submitted to the People of the State of California for their ratification at the next general election to be held on the second day of November, A.D., 1954.

FRANK M. JORDAN,
Secretary of State.

FOR THE VETERANS BOND ACT OF 1954. This act provides for a bond issue of one hundred seventy-five million dollars ($175,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes.	1
AGAINST THE VETERANS BOND ACT OF 1954. This act provides for a bond issue of one hundred seventy-five million dollars ($175,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans.	

This proposed law, by act of the Legislature passed at the 1954 First Extraordinary Session, is submitted to the people in accordance with the provisions of Article XVI of the Constitution.

(This proposed law does not expressly amend any existing law; therefore, the provisions thereof are printed in BLACK-FACED TYPE to indicate that they are NEW.)

PROPOSED LAW

An act to add Article 5e to Chapter 6 of Division 4 of the Military and Veterans Code, authorizing the creation of a debt or debts, liability or liabilities, through the issuance and sale of state bonds, to create a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans Farm and Home Purchase Act of 1943 and acts amendatory and supplemental thereto; defining the powers and duties of said committee and of the Department of Veterans Affairs and other state officers in respect to the administration of the provisions hereof; providing ways and means, exclusive of loans, for the payment of the interest of such debt or debts, liability or liabilities, as such interest falls due, and also for the payment and discharge of the principal of such debt or debts, liability or liabilities, as such principal matures; and providing for the submission of this act to a vote of the people at the general election to be held in the month of November, 1954.

The people of the State of California do enact as follows:

Section 1. Article 5e is added to Chapter 6 of Division 4 of the Military and Veterans Code, to read:

Article 5e. Veterans Bond Act of 1954

996.25. This article may be cited as the Veterans Bond Act of 1954.

996.26. For the purpose of creating a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans Farm and Home Purchase Act of 1943 and of all acts amendatory thereof and supplemental thereto, the Veterans' Finance Committee of 1943, created by Section 991, shall be and it hereby is authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the manner and to the extent hereinafter provided, but not otherwise, nor in excess thereof.

996.27. After adoption of any resolution by the Veterans' Finance Committee of 1943, provided for in Section 996.34 the State Treasurer shall arrange for the preparation of the requisite number of said bonds in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this article shall not exceed the sum of one hundred seventy-five million dollars ($175,000,000) and shall bear interest at a rate not exceeding 5 percent per annum payable as provided in such resolution. Both principal and interest shall be payable in lawful money of the United States, at the Office of the State Treasurer, or at the office of any duly authorized agent of the State Treasurer.

All bonds issued under this article shall bear the facsimile signature of the Governor and the facsimile countersignature of the Controller and shall be endorsed by the State Treasurer either by original signature or by a signature stamp, and the bonds shall be signed, countersigned, and endorsed by the officers who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943, and each of said bonds shall bear an impress of the Great Seal of the State of California. Interest coupons attached to each bond shall bear the facsimile signature of the State Treasurer who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943. The Veterans' Finance Committee of 1943 may require that said bonds be authenticated by the State Controller or by any Deputy State Controller, and in such event no bond authorized hereunder shall be valid unless so authenticated in the manner so required. The bonds or coupons so signed, countersigned, endorsed, and sealed, when sold, shall be and constitute a valid and binding general obligation upon the State of California, although the sale or delivery thereof be made at a date or dates upon which the officers having signed, countersigned, and endorsed said bonds or coupons, or any or either of said officers, shall have ceased to be the incumbents of the offices held by them at the date of adoption of the resolution of the Veterans' Finance Committee of 1943. Each bond issue under this article shall contain a clause or clauses referring to this article and to the resolution of the Veterans' Finance Committee of 1943 hereunder by virtue of which said bond is issued, and if subject to call or redemption prior to maturity, shall contain a recital to that effect.

996.28. The State Treasurer shall, on the respective dates of maturity or prior redemption of said bonds, or as soon thereafter as said bonds are surrendered to him, pay the same out of the proceeds of the Controller's warrants drawn in his favor as provided in Section 996.29 and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. The State Treasurer, or his duly authorized agent, shall also, on the respective dates of maturity, cancel all bonds and appurtenant coupons bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof; provided, however, new bonds may be prepared and executed in lieu of bonds canceled solely by reason of the fact that such bonds have not been sold prior to their fixed maturity dates, whenever the Veterans' Finance Committee of 1943 shall determine such new bonds shall be prepared and executed, subject to the condition the total indebtedness created hereunder shall not exceed the maximum limit herein specified. Not less than four years after the final maturity date of a particular issue of bonds, the State Treasurer, or his duly authorized agent, may destroy or create any bonds of such issue which have been previously paid or canceled as hereinbefore provided.

996.29. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from the General Fund in the State Treasury such sum as may be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this article, as said principal and interest become due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collections of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be returned into the General Fund in the State Treasury, all of the money in the Veterans' Farm and Home Building Fund of 1943, not in excess of the principal of and interest on said bonds then due and payable, except as hereinafter provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of said Veterans' Farm and Home Building Fund of 1943 as soon thereafter as it shall become available, together with interest thereon from such dates of maturity until returned at the same rate as borne by said bonds, compounded semi-annually.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn against said appropriation from the General Fund by the Controller of the State in favor of the State Treasurer, or his duly authorized agent, and the money to be returned into the General Fund in the State Treasury pursuant to the provisions of this section shall likewise be paid as herein provided upon warrants duly drawn by the Controller. The Department of Veterans Affairs, by resolution approved by the Veterans' Finance Committee of 1943, shall direct the State Treasurer to call bonds (which are then subject to redemption) if such call is desirable and whenever funds are available to effect such redemption, the part of each issue so called to be not less than all of the bonds maturing in any one year. Notice of such redemption shall be given by the State Treasurer in the manner provided in the resolution authorizing the issuance of said bonds.

996.30. The bonds authorized to be issued under this article shall be sold by the State Treasurer to the highest bidder for cash, either at public auction or upon sealed bids as the Veterans' Finance Committee of 1943 may by resolution determine. The Treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which shall have accrued thereon between the date of purchaser's payment for said bonds and the last preceding interest maturity date; and the Treasurer may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, at such time and place as he may select. If said bonds are offered for sale upon sealed bids, then each bid shall be in writing and signed by the bidder and sealed, and shall be accompanied by the deposit of a certified check or cashier's check for five thousand dollars ($5,000), drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the Treasurer of the State of California, such deposit not to bear interest. The deposit of each unsuccessful bidder shall be returned to him immediately upon the nonacceptance of his bid, and the deposit of the successful bidder shall immediately upon the acceptance of his bid become and be the property of the State of California and be placed by the State Treasury to the credit of the Veterans' Farm and Home Building Fund of 1943, and shall be credited to the successful purchaser upon the purchase price of the bonds bid for in case such purchase price is paid in full by him within the time mutually agreed upon between the successful bidder and the Treasurer. If the purchase price is not so paid, the successful bidder shall have no right in and to said bonds or by reason of said bid, or to the recovery of said deposit accompanying said bid, or to any allowance or credit by reason of such deposit unless it shall appear that the bonds would not be validly issued if delivered to the purchaser in the form and manner proposed. In case the purchase price is not so paid, the bonds so sold but not paid for shall be resold by the State Treasurer upon notice as provided in case of original sale.

Temporary or interim bonds, certificates, or receipts of any denomination whatever and with or without coupons attached thereto, to be signed by the State Treasurer, may be issued and delivered until the definitive bonds are executed and available for delivery. Signature of the State Treasurer may be by signature stamp.

996.31. Due notice of the time and place of sale of all bonds shall be given by said Treasurer by publication in one newspaper published in the City and County of San Francisco and also by publication in one newspaper published in the City of Sacramento and by publication in one newspaper published in the City of Los Angeles once a week during two weeks prior to such sale. In addition to the notice last above provided for, the State Treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars ($500) for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said Treasurer into the Veterans' Farm and Home Building Fund of 1943 and must be used exclusively in aiding veterans in the acquisition of, or payments for, farms and homes, in accordance with the provisions of this chapter; provided, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

996.32. The Department of Veterans Affairs is authorized, with approval of the Department of Finance, to invest any surplus money in the Veterans' Farm and Home Building Fund of 1943 in bonds or obligations of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California, and to sell such bonds, or obligations, or any of them, at the governing market rates, upon approval of the Department of Finance; or the Department of Veterans Affairs may, with the approval of the Director of Finance, invest money in such fund, in interest-bearing certificates of deposit of state banks having a paid-up capital of five hundred thousand dollars ($500,000) or more; provided, the total amount of money so deposited with any one bank shall not exceed a sum equal to 50 percent of the paid-up capital of such bank; provided, however, nothing herein contained shall inhibit the depositing in banks in accordance with Chapter 4, Part 2, Division 4, Title 2 of the Government Code, of money of any of the funds subject to the control of the Department of Veterans Affairs or appropriated for its use.

Interest accruing upon the deposit of money of the Veterans' Farm and Home Building Fund of 1943 shall be paid into and credited to said fund.

996.33. Upon request of the Department of Veterans Affairs, supported by a statement of the plans and projects of said department with respect thereto, and approved by the Governor, the Veterans' Finance Committee of 1943 shall determine whether or not it is necessary or desirable to issue any bonds authorized under this article in order to carry such plans and projects into execution, and, if so, the amount of bonds then to be issued and sold. Successive issues of bonds may be authorized and sold to carry out said plans and projects progressively, and it shall not be necessary that all of the bonds herein authorized to be issued shall be sold at any one time.

996.34. Whenever the Veterans' Finance Committee of 1943 shall have determined that the sale of all or any part of the bonds authorized to be issued under this article is necessary or desirable to carry such plans into execution, in whole or in part, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the State Treasurer to provide for the preparation of the requisite number of suitable bonds then authorized to be sold and shall specify as to such bonds then to be sold:

1. The maximum number of each denomination or denominations, aggregate par value, and the date of the bonds to be then sold. The date appearing on said bonds shall be deemed to be the date of issuance for all purposes of this article, irrespective of the actual date of delivery of such bonds and the payment of the purchase price thereof. Successive issues of bonds herein authorized shall be identified by the number of the issue, or the entire authorized issue may be divided into series or divisions appropriately identified by letter or number.

2. The date or dates of maturity, and the number and numerical sequence of the bonds maturing at each date of maturity, to be at annual intervals.

3. The provisions, if any, for the retirement of said bonds at any time or times prior to their maturity, the manner thereof, and the price or prices at which said bonds shall be redeemed.

4. The annual rate of interest which the bonds to be issued shall bear, to be in multiples of one-fourth of 1 percent, which rate, at the discretion of said committee, may be determined by the bidder at the time of sale of said bonds, not to exceed 5 percent payable as herein provided.

5. The provisions, if any, for the interexchange of bonds of different denominations, the issuance of new bonds of different denominations in lieu of, or in exchange for, bonds of a like aggregate principal amount but of different denominations, and the authentication of any bonds by the State Controller or by any Deputy State Controller.

6. The technical form and language of said bonds and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the Veterans' Finance Committee of 1943 shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the Veterans' Farm and Home Building Fund of 1943 from the transactions to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, with the dates and amounts of such estimated revenues; provided, the bonds first to mature in each issue shall mature not later than five years and the bonds last to mature in each issue shall mature not later than 45 years from the date of issuance thereof.

The rate of interest to be borne by the bonds need not be uniform for all bonds of the same issue or series or division, and may be determined and fixed by the Veterans' Finance Committee of 1943 by resolution adopted at or after the sale of said bonds, but not exceeding in any case 5 percent per annum payable semiannually. The highest bid received on the sale of the bonds shall be determined by deducting the total amount of the premium bid (if any) from the total amount of interest which the State would be required to pay from the date of the bonds or the last preceding interest payment date, whichever is latest, to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, and the award shall be made on the basis of the lowest net interest cost to the State. The lowest net interest cost to the State shall be computed on a 360-day year basis. The interest coupon first payable may, if the Veterans' Finance Committee of 1943 shall so determine and specify, be payable at any time within one year after the date of issuance of said bonds.

996.35. All actual and necessary expenses of the Veterans' Finance Committee of 1943 and of the members thereof incurred in the performance of their duties arising out of the provisions of this article and expenses incurred by the State Treasurer in having said bonds prepared and in advertising their sale or their prior redemption shall be paid out of the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

Whenever the Veterans' Finance Committee of 1943 deems it advisable to obtain a legal opinion as to the validity of the bonds, prior to or after sale, from attorneys other than the Attorney General, the committee may authorize the State Treasurer or the Department of Veterans Affairs or both to obtain such a legal opinion. Payment for such legal services shall be made from the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

996.36. The Controller, the Treasurer and the Veterans' Finance Committee of 1943 shall keep full and particular account and record of all their proceedings under this article, and they shall transmit to the Governor an abstract of all such proceedings thereunder, with an annual report, to be by the Governor laid before the Legislature biennially; and all books and papers pertaining to the matter provided for in this article shall at all times be open to the inspection of any party interested, or the Governor, or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both, or any citizen of the State.

996.37. So long as any bonds authorized under this article may be outstanding, the Director of the Department of Veterans Affairs shall cause to be made at the close of each fiscal year, a survey of the financial condition of the Division of Farm and Home Purchases, together with projection of the division's operations. Such survey to be made by an independent public accountant of recognized standing. The results of such surveys and projections shall be set forth in written reports and said independent public accountant shall forward copies of said reports to the Director of the Department of Veterans Affairs, the members of the California Veterans Board, and to the members of the Veterans' Finance Committee of 1943. The Division of Farm and Home Purchases shall reimburse said independent public accountant for his services out of any funds which said division may have available on deposit with the Treasurer of the State of California.

Sec. 2. This act shall take effect upon its adoption by the people as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 3. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be held in the month of November, 1954, and all ballots at said election shall have printed thereon and in a square thereof, the words: "For the Veterans Bond Act of 1954," and the same square under said words the following in eight-point type: "This act provides for a bond issue of one hundred seventy-five million dollars ($175,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes." In the square immediately below the square containing such words, there shall be printed on said ballot the words, "Against the Veterans Bond Act of 1954," and in the same square immediately below said words, in eight-point type shall be printed "This act provides for a bond issue of one hundred seventy-five million dollars ($175,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans." Opposite the words "For the Veterans Bond Act of 1954," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words, "For the Veterans Bond Act of 1954" and those voting against the said act shall do so by placing a cross opposite the words "Against the Veterans Bond Act of 1954." Provided, that where the voting of said general election is done by means of voting machines used pursuant to law in such manner as to carry out the intent of this section, such use of such voting machines and the expression of the voters' choice by means thereof, shall be deemed to comply with the provisions of this section. The Governor of this State shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 4. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the Governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 5. It shall be the duty of the Secretary of State in accordance with law to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this State, for three months next preceding the general election to be held in the month of November, 1954. The costs of publication shall be paid out of the General Fund, on Controller's warrants duly drawn for that purpose and shall be refunded to the General Fund out of the Veterans' Farm and Home Building Fund of 1943. Said refund shall be made upon Controller's warrants duly drawn against said fund for said purpose upon demands audited by the State Department of Finance.

COASTAL DEER SEASON HAD SOME ODDITIES

SACRAMENTO — The Recent coastal deer season in California had its share of oddities, as reported by wardens and other field men of the Department of Fish and Game.

One was the case of the hunter who was carrying a loaded rifle in his car illegally as he approached a checking station in Los Angeles County. In his hurry to unload his gun before being stopped, he blew a king-sized hole in one of his brand new white sidewall tires. Got a citation to boot.

Or the case of the apprehensive archer who was cited for carrying a loaded rifle in the car, just in case his skill with the bow and arrow wasn't up to snuff. Mendocino county, during the early bow and arrow season, was the locale for this one.

One of the few accidents of opening weekend was a freak. A hunter fell down, his gun discharged, and the bullet struck his pocket, where a pocketknife, a few cartridges and other assorted articles were scattered. Bits of metal were spayed about, some of them wounding him painfully but not seriously.

Here's the payoff! He was jumping across Jumpoff Creek in Mendocino county, and using a 30-30 for a cane!

Then there was the case of the 800-odd hunters who went into the Chews Ridge area on the south coast. Some of them spent the previous night sighting-in their rifles, with dogs adding to the general bedlam. Deer in the area took the hint. Only 10 of the 800 hunters returned with a buck.

Disappointment In Sardine Season

MONTEREY—Commercial fishing interests, who have been anticipating an influx of sardines from Mexican waters, have so far found only disappointment since the sardine season opened here August 1.

Department of Fish and Game aerial observers and others recently noted several moderate-sized schools off Pt. Mugu and Pt. Dume in Southern California. No schools have appeared so far off Monterey, although fishermen have reported occasional large sardines mixed in with catches of other fish. Less than 10 tons of sardines have been brought into Monterey canneries since the season opened. In the heydey of the fishery, several thousand tons were usually landed during the first weeks.

The appearance of even these few fish could mean an eventual comeback for the sardine if fishermen can be persuaded to conserve them for broodstock, Richard S. Croker, chief of the department's marine fisheries branch, reports.

But as long as every school of fish is netted as soon as it shows up, he points out, the outlook for the industry will continue to be dim.

Buildings To Be Sold

SACRAMENTO—Several buildings and more than one thousand feet of steel pipe at the abandoned Tallac Fish Hatchery will be sold August 28 at 10 a.m. at the hatchery, located three-quarters of a mile west of Camp Richardson at Lake Tahoe. Department of Fish and Game officials conducting the sale said that all buildings and salvaged material must be moved from the premises. Prospective bidders may inspect the hatchery August 27 from 10 a.m. to 5 p.m., and again from 8 to 10 a.m. the morning of the sale. Oral bids will be taken.

APPRAISER SAYS DOELGER - RESERVOIR SITE WORTH $6800

A $6800 absolute maximum appraisal was made on the acre of Doelger land to be sold to the city for $4000 for use as a site for Westlake reservoir No. 2. The appraisal was made by Con T. Shea, professional appraiser of San Francisco.

The appraisal was made at the suggestion of Councilman Michael DeBernardi at the July 26 council meeting.

"I feel that $4000 is too much for an acre of land," DeBernardi said at the time.

A ground lease for the land is being signed in lieu of transferring the deed because the exact specifications for the reservoir have yet to be determined, according to City Administrator Dan Andersen.

Construction of the reservoir will be done by Ky-Ston and Muny who recently submitted a low bid of $64,527. City Engineer Edwin Smith had originally estimated the cost of construction at $68,000.

Millerton, now submerged behind Friant Dam, was the Fresno county seat from 1856 to 1874.

NOTICE OF TRUSTEE'S SALE

16815

On Friday, the 10th day of September, 1954, at the hour of 3:15 o'clock P. M., of said day, in the lobby of the Daly City City Hall, City of Daly City, County of San Mateo, State of California, BAY COUNTIES ESCROW COMPANY, a California corporation, as trustee, will sell at public auction, to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following described real property, situated in the County of San Mateo, State of California, and described as follows, to-wit:

Lot 17, as designated on the map entitled, "TRACT NO. 625 STERLING PARK SAN MATEO COUNTY CALIFORNIA", which map was filed in the office of the Recorder of the County of San Mateo, State of California on April 11, 1950 in Liber 31 of Maps at page 20.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by HAROLD C. CABE and PATT L. CABE, his wife, trustors, to BAY COUNTIES ESCROW COMPANY, a California corporation, as trustee, for the benefit and security of GEORGE E. BENSON and KATHLEEN M. BENSON, his wife, dated November 29, 1951 and recorded December 3, 1951, in the office of the County Recorder of the County of San Mateo, State of California, in Liber 2167 of Official Records of said County at page 258.

Dated August 6, 1954.

REDUCED RATE

Driving somewhere? Then take advantage of reduced accident rates by traveling on Monday, Tuesday or Wednesday.

"Accident Facts," the National Safety Council's statistical yearbook, just off the press, shows that nearly two out of five fatal motor vehicle accidents occur on Saturday and Sunday and that the fewest occur on the first three weekdays.

Reports from 27 states show these fatal accident percentages: Saturday, 21; Sunday, 18; Friday, 15; Thursday, 13; Monday, Tuesday and Wednesday, 11 each.

NOTICE OF TRUSTEE'S SALE

NOTICE IS HEREBY GIVEN that on Friday, the 10th day of September, 1954, at the hour of 10:00 o'clock A. M. of said day, at the Middlefield Road entrance to the San Mateo County Court House in the City of Redwood City, County of San Mateo, State of California, HAROLD D. EDELEN, as trustee, will sell at public auction to the highest bidder for cash in lawful money of the United States of America, all payable at the time of sale, the following described real property, situated in the City of Colma, County of San Mateo, State of California, to-wit:

Lot numbered fifty-two (52) as shown on that certain map entitled "Tract No. 547 Broadmoor Village in Unincorporated Territory, San Mateo County, Calif.", which map was filed in the office of the County Recorder of San Mateo County on November 21, 1945 in Book 24 of Maps at pages 74 and 75.

Said sale will be made to satisfy the obligations secured by and pursuant to the power of sale conferred in and by a certain deed of trust executed by CECIL E. MITCHELL, a single man, as trustor, to said HAROLD D. EDELEN, as trustee, for the benefit and security of THE NORTHWESTERN MUTUAL LIFE INSURANCE COMPANY, a corporation, as beneficiary, dated the 15th day of September, 1950, and recorded in the office of the County Recorder of the County of San Mateo, State of California, on the 18th day of October, 1950, in Volume 1960 of Official Records at Page 313.

Notice of Default in said obligation and of election of beneficiary to sell or cause to be sold said real property was recorded in the office of the County Recorder of the County of San Mateo, State of California, on the 7th day of May, 1954, in Volume 2579 of Official Records at Page 14.

This notice is given in compliance with the demand heretofore made on the trustee by the said THE NORTHWESTERN MUTUAL LIFE INSURANCE COMPANY.

Dated: August 9, 1954.

Name New Manager For Nash Division

Newly appointed manager of the San Francisco zone for Nash Motors Division is Paul W. Pursley, it was announced today by L. T. Kouns, western sales manager for Nash Motors.

"Pursley brings to the San Francisco zone a highly successful record in Nash sales," Kouns reported. "He has served as Seattle zone manager since May, 1951, and recently led that zone to first place in the nation during a company sponsored sales contest."

"Nash dealers in the San Francisco zone have always provided aggressive and profitable representation for Nash Motors and outstanding service to Nash owners," Kouns continued. Mr. Pursley will bring highly constructive assistance in leading forward our sales and service organization."

The California spiny lobster, taken from San Luis Obispo county to Lower California, is protected by a closed season from March 15 to October 1.

Agent Jailed

SAN FRANCISCO — Failure to repay $861 owed the Department of Fish and Game on his sales of 1954 angling licenses has earned a six months sentence in the San Francisco county jail for Nicholas Burcher, who held a Department license agency as operator of Dom's Bait Shop at 3177 Mission street, San Francisco.

Pleading guilty to grand theft, Burcher was given three years probation by the Superior Court, in addition to the jail sentence. He was also ordered to pay back the $861.

DC Midgets Annex Crown Off Single Hit

Battle for the 1954 Midget League baseball championship was decided in the first inning Tuesday, as Daly City Midgets jumped on the Broadmoor Yankees for a trio of runs in the initial frame and knuckled down for the remainder of the game to win, 3-1.

The name "midget" proved a misnomer for the league, as a couple of little pitching giants opposed each other on the mound, allowing a total of three hits between them.

Overshadowing Rich Morales splendid two-hit triumph, was the fate of Broadmoor twirler Terry Christman. He tossed a one-hitter and lost.

Aside from an unusual wild spree in the first inning, Christman threw near-perfect ball, striking out eight men, walking five.

Morales performance was almost as tight, as he gave up a scant two singles, two walks, and struck out three.

In the first inning, Christman walked Mike Rovai. The first of a series of bad breaks came as George Claus hit a long fly ball into left field which John Hess misjudged. Barry Krohn was hit in the leg, moved down to first, loading the bases.

Manager Lowell Creighton Sr. then put on his strategy cap, called for the running sacrifice, which Morales executed perfectly, scoring Rovai from third. Bill Kane took three strikes for the first out.

Figuring nothing succeeds like success, Creighton again signalled the runing sacrifice. It worked again, scoring Claus for the second run. Jim Welsh was then walked, pushing in run number three. Jim Hennesy and Jim Fair fanned to end the inning.

The Yanks gained their only run in the second inning after Bill Hex drew a walk, scored on Dave Dugan's long single into deep right field.

After the second frame, the contest resolved to a demonstration of pitching between the opposing chuckers.

Neither team hit safely after the second inning.

Westlake Rockets Win SM County Title; Blues Protest

LEVERONI NOTCHES ONE-HITTER; BLUES MANAGER SAYS HE'S 3 WEEKS TOO OLD

The Westlake Rockets' excellent Eddie Leveroni tossed a two-hitter Saturday, setting down the Belmont Blues, 2-1, to annex the San Mateo County Junior League Championship, only to have the crown snatched away some 24 hours later by a technicality.

After Leveroni had gained his second straight triumph, Belmont manager Al Cranston decided it was time to squack.

The manager entered a protest with county league director Ed Davenport that Leveroni was three weeks too old. According to league rules, a player must not be 15 before June 1. Leveroni's 15th birthday was on May 7.

Local observers claim that Cranston's protest was made Tuesday, past the 24-hour limit in which, under a league rule, a formal protest must be lodged.

Davenport, however, will have to allow the protest, making the series now stand at 1-1, with the deciding game tomorrow (Saturday) at 10:30 a.m. at Floor Park.

What has riled local recreation workers, (and some south county fans, too) is that Cranston failed to file a protest after the first game, when Leveroni fashioned a one-hit, 16-1 victory over the Blues.

In "winning" Saturday Leveroni registred 11 strikeouts, bringing his total in 10 games to 112. He is undefeated this year, except for Saturday's technical lose.

The Rockets accounted for their two big runs in the first inning Saturday. Getting hits were Jim Wilson, Paul Tapia and Ino Patron. Patron cracked the only extra-base safety, a double.

Belmont tallied once in the fifth inning, on an error, walk and pass ball in succession.

Paul Tapia, who has two successful stints on the mound for tomorrow at Floor Park in the ex-Westlake in two tries, will work tended championship palyoff.

Although Tapia has proved a capable chucker, Leveroni's experience will be missed by the Rockets. The game is rated as a toss-up with the 10-game winner out.

The Belmont team that they will face for the third time tomorrow has won five games this season. Three of them were won on protests.

The Daly City nine is undefeated.

DC-Colma Bowling Opens Sept. 14

The 31-week Daly City-Colma Bowling league will open Tuesday night, September 14, at Brentwood bowl with a new twist to league competition this year.

Instead of one team being declared champion at the close of the seven months season, the league will be divided in half, with winner of the first 15-week term vieing against winner of the second term for the ABC crown.

Play will be 70 per cent handicap. At the close of the season in May teams will vie for sweepstakes money accumulated during the year.

League offcials include: Frank Thur, president; Joseph Belli Jr., treasurer; and Dick Keefer, secretary. Thur and Belli served in the same capacity last year.

To date 15 teams have entered the 16-team circuit.

They are: Thur Meat Co., Daly City-Colma Lions, 101 Club, Knights of Columbus, Paul's Flowers, Vince & Fred, Eagles, Pearson & Rector, Brisbane Lions, Ralph's Cleaners, Wm. Lagomarsino Co., King's Market, Carlos Pizzeria, Lombardi's Auto and Pete Collodi.

SARTO-BROADMOOR WINNERS IN FIRST LL PLAYOFF TESTS

Behind with a 2-2 count at the plate, Sarto No. 1 left fielder Skip Crudo drilled a crisp single to left field Saturday in the sixth inning to give his team an 8-7 victory over Westlake Beavers in the first game of the Little League playoffs.

Sarto fought an uphill battle all the way to snatch victory from the Westlake nine. Winning pitcher was Larry Kane, who struck out four, allowed three walks, and gave up 12 hits. Sarto needed only seven hits to top the Beavers.

Westlake went wild in the second frame, pounding Kane for six hits, five runs.

In Sarto's half of the third, they got back three of the tallies, as Sarto backstop Ron Kalinin powered a triple to the left patch scoring Claus, Barry Krohn and Kane.

Add Ane More

In the fourth canto Jim Millet whacked a single bringing in Jim Sarro, moving the score to 6-3, favor of the Beavers.

Sarto bounded back in the fifth with another triple-run spree as Barry Kane and Crudo his safely.

Westlake again grabbed the lead in the fifth, picking up a run on two hits by Sonny Sarro and Jim Sarro.

The tie-breaker came in the Sarto sixth inning with one out. Barry Krohn singled to reach first base and Bill Whalen drew a walk.

Krohn then tallied from second on a fielder's choice play, tiening the score. Larry Kane went to second, advanced on Kalinin's single. Kalinin tried to stretch it to two and was caught, making it two down. Crudo then lashed his single, driving in Kane for what proved to be the winning run. In their half of the sixth, Westlake batters were put down in order.

Pirates Rout Sarto

In another Little League playoff encounter, the Broadmoor Pirates had things easier, mastering Sarto No. 2, 8-0.

Phil Fair pitched a two-hitter, exhibiting control over the strong Sarto batting attack.

Fair fanned seven baers, walking only two, both of these in the fifth frame.

The Pirates themselves were held in check until the fifth session, when they teed off for five hits and an equal number of runs.

Broadmoor caught fire again in the next inning, tapping Mike Kennedy for two hits, three runs.

Pacing Broadmoor hitting were Bill Dougherty, Dick Howell and Jim Walorenta.

Sarto No. 2 and Broadmoor will square off tomorrow (Saturday) at 12 noon on the high school diamond for the second playoff contest. Westlake Beavers and Sarto No. 1 meet in the afternoon game at 2 p.m.

Broadmoor Yanks In Seals Prelim Game Saturday

Face Big Rec Midgets For San Francisco Title

City League Baseball Champions, the Broadmoor Yankees, fight it out with the Big Rec Midgets for the San Francisco title as a preliminary game to the Seals game this Saturday at 12 noon in Seals Stadium, it was announced by the Seals Management today.

This unusual honor, of playing the warm up game for the Big game was earned by these youngsters of 11 years and younger, members of the Broadmoor Youth association, by defeating all local teams, and copping the Daly City and San Francisco titles in their division.

Coach "Bud" Christman, expressing confidence of a win for the Yanks, noted that his team, recent winners of the Daly City title, wind up a very successful season with an invitation to all to attend.

You may consider your home a haven of safety for you and your family—but remember, it's the little dangers that cause the big accidents. That porch the needs fixing, that worn light cord, that slippery throw rug, those bad stairs. Check up today . . . you may save a life tomorrow!

BRISBANE FUMBLES FOUR-RUN LEAD; LOSES OPENER TO SHARP PARK NINE

Fumbling a first - inning four-run advantage, Brisbane was defeated, 7-6, Saturday by Sharp Park in the initial game of a best two out of three series in Junior League play.

All of the coastsiders runs were unearned, as Brisbane fought futiley to plug a leaky defense.

In the first frame, Brisbane burst into a four-run lead, as Sharp Park chucker Tex Prentice allowed four Brisbaners to reach first base via walks. Three infield errors helped to push the four runs across.

The coastside gang then narrowed the margin as Barry Wight tripled with two men on, making it 4-2.

In the fourth inning errors by Brisbane accounted for three Sharp Park runs, giving the latter a 5-4 advantage.

Prentice had held Brisbane to two hits until the sixth canto, when hits by Roy Reitz and Bill Strassburger put the Brisbane nine ahead, 6 to 5. In their half of the sixth, Sharp Park knotted the score, 6-6, as Don Wise stole home.

Going into the top of the last inning, Prentice held Brisbane in check, retiring the side in one-tow-three fashion.

Sharp Park's Wight led off the bottom of the seventh with a single followed by Cliff Barott's sacrifice bunt. Strasburger, Brisbane Catcher, picked up the ball and threw Wight out at second. Bill Pushman then popped to the catcher for the second out.

Al Dye singled, then moved to second after a wild pitch by Jim Datzman. With the tie buster on second, Jim Twitty lined a hard single past the first baseman, scoring the speedy Dye from second.

Prentice, in winning, allowed only five hits, fanned 11 and allowed five walks. Datzman, the loser, also gave up five hits, struck out seven and gave out three free passes.

ROMERO CIRCUIT CLOUT GIVES SARTO AC WIN

A tenth inning four-base smash off the right field bank by Manuel Romero gave Sarto A.C. a 6-5 win over Guy Drugs Sunday in a see-sawing afternoon contest at Marchbanks park.

Sarto was leading, 1-0, going into the sixth when the drugmen scored two runs and moved ahead, 2-1.

The athletic clubbed retaliated with two tallies in the last of that frame to take the advantage, 3-2.

Guy Drugs bounced back for two more in the seventh, to pull out in front by one run again, 4-3.

In the eighth canto Sarto picked up one, but the drug nine notched one in the ninth, to stay ahead, 5-4.

In the last of the ninth Ben Parodi smacked a double, moved to third on Bob Zucca's infield single, and scored on Lenny Costa's long fly to left field, tying up the game.

Romero bopped his game winning clout in the 10th to hand Sarto the win.

Lowell Creighton worked on the hill six innings, allowing one run, five hits, five walks, and striking out four.

Relieving Creighton in the seventh was Don Henson, who gave up four hits, four runs, two walks and registered no strikeouts.

Leading hitting for the AC were Ron Castro, two for four, Costa, three for four, and Zucca, two for four.

Sartos lays off this Sunday and resume play the following week.

RECREATION NEWS

400 ATTEND BOUTS AT CENTER

A crowd of nearly 400 persons turned out Friday night of last week to watch 30 youngsters trade leather in the ring at the community center.

Proceeds of the match, more than $290, will go to the Emergency Polio Fund drive here.

What the 30 young pugilists lacked in ring polish, they made up for in enthusiasm.

Three of the 15 bouts failed to go the distance.

Impressive in stopping Matt Jones in the third round was Dennis Jefferson. Other TKOs were registered by Ernest Montoya over Walt Pickering, the latter suffering a cut in the second round, and Don Messina, who overpowered Jack Goggins, also in the second.

The Messina-Goggins match started off as a slugfest, with neither boy having much of an advantage.

Goggins apparently punched himself out in the first canto, however, as he was able to do little more than defend himself in the second stanza.

Probably the surprise bout of the evening was the draw between Lonny Humsperger and Willie Taylor. Humsperger wasn't conceded a thread of a chance against the aggressive Taylor but he fought the latter to a standstill.

Ray Rosa, Jefferson high school champion, employed a right hand effectively to gain a draw with Harry Sampson. Rosa probably would have gained the judges nod had he been able to score with his left. Richard Montoya and Frank Burger also fought to a draw, as did Bruce Owens and Billie Bricker.

Results of other bouts, all decisions, were as follows: Billy Ellis over John Hernan; Mike Kennedy over Ronie Montoya; Roger Stahl over Martin Cosgrove; Paul Giomi over Don Miller; Mike Burgur over Fred Del Sarto; Fred Harvard over Pat Peresa; Joe Stagnaro over Ron Molina; and LaLa Huntsman over Ray Jones.

Referee for the bouts was Joe Brown, while Sanford Vickers, Walter Gillies and Ed Cavagnaro handled judging.

Credits for aiding in presenting the fistic event went to Mrs. Vickers, Friendly Neighbors of Abbot street, Hillard Alfson, Colma school principal, VFW, Golden Gate Park Post; recreation department staff, Hilltop Market, Dino's Creamery, Marin Dell Milk Co., and Puccini's Market.

The Daly City recreation department concluded their summer program this week with an arts, crafts and hobby show embracing the many achievements of the youngsters throughout Daly City.

Among the Westlakers capturing either first, second or third place ribbons was Cynthia "Cissy" Trapani, who took a first place blue ribbon for her sawdust dog entry. Incidentally, Cissy is now living in the new Westlake section and recently revisted her many friends here at the Westlake elementary playground. It was a real pleasure having you, Cissy, and we only hope you will visit us much more often.

Another first place winner was John Moore, with his paper mache mask. John certainly deserved this award as he conscientiously worked on his mask for many days.

Our final first place blue ribbon winner was Carol All Lewis, with a full size self-portrait. Carol Ann took great care in reproducing herself and chose the colors which decided her dress pattern very effectively.

Others from Westlake with their entries and place prizes are: Barbara Verducci, third place, paper mache duck; Irene Ailes, third place, sawdust puppet head; Irene Ailes, second place, scrap book; Rene Bozzini, second place, spatter paint project; Len Jacobson, third place, sabre jet; Steve Calandar, second place, panther jet; Darien Ryan, third place, self portrait; Mary Ann Marlow, third place, art poster; Richard Levy, second place, art poster; Wendy Warfield, third place, notebook; Michael Seelig, second place, copperwork.

WESTLAKE HOMES SPLITS A PAIR

Westlake Homes semi-pro hardball nine split their last two outings, taking a 7-2 decision over Marin City, while dropping one to Interstate Utilities, 9-8.

Bob Warman, holding Marin to three hits, was credited with the win. The Westlakers notched six hits, with Ed Candler, Bill Hazel, Ed Lampe, E. Brown, Earl Von Wronski and Warman getting singles.

In losing to the utilities nine, Home's Lampe was pasted for 13 hits, while the Westlakers got an equal number off Interstate's G. Garcia and P. Del Sarto.

Joe Cizmich led the batting roster for Westlake with three safeties in four trips. Von Wronski and Ralph Gentile had two bingles apiece.

MYSTERY BULLET HITS BROADMOOR MAN, MISSES WIFE

A mystery bullet wound interrupted the peaceful Sunday afternoon of a Broadmoor man as he was sitting in the back yard of a neighbor with his pregnant wife, surrounded by numerous children.

Broadmoor police report that they are looking for the rifleman who apparently fired the shot from a distance of one-half to three-fourths of a mile from the point of landing. Police suspect that the bullet was fired from somewhere near Skyline boulevard.

Injured was Budd West, 32, of 639 MacArthur avenue. He was treated for a bullet wound in the left upper thigh at Junipero Serra hospital.

West told police that he was lying in the back yard lawn of his neighbors, Mr. and Mrs. Antone Ruegg, 644 MacArthur avenue, when suddenly he was shot.

"It felt like I had been hit by a baseball," he said. "I had a can of beer in my hand. I put it down and reached down and felt my left leg and then picked the bullet out of the flesh and realized someone had hit me with a shot."

According to his wife, West then turned to the assembled neighbors and calmly said, "I've been shot in the leg. I tell you, I've been shot."

He handed the bullet to Ruegg to prove he was not joking.

The back yard was full of children, according to Mrs. West. She said that if her husband had moved his leg slightly the bullet would have hit her in the abdomen.

The Sierra Nevada is the highest mountain range in continental United States.

TIME SCHEDULE FOR PLAYGROUNDS IS ANNOUNCED

Time schedule for activities at the various parks during fall, winter and spring was announced this week by the recreation department.

Following is the schedule: Westlake, 3 to 5 p.m., closed Saturdays; community center, 3 to 5 p.m., 7 to 9:30 p.m., Saturday 9:30 a.m. to 5 p.m.; Marchbanks, 3 to 5 p.m., Saturday, 9:30 a.m. to 5 p.m., Sunday 10 a.m. to 5 p.m.; Lincoln, 3 to 5 p.m., Saturday 9:30 a.m. to 5 p.m.; Edgewood, 3 to 5 p.m., closed Saturday; Frankfort, temporarily closed.

Close Local Center September 7 to 17

The recreation department announced this week that the Daly City community center will be closed from September 7 to 17.

During that time the floors will be made.

TRAFFIC DEATHS REDUCED

Traffic death rates for the first few months of this year were substantially lower than for the same period of 1953, according to nationwide figures just received by the California State Automobile Association. In early 1953 the rate was 7 deaths for each 100,000,000 miles of driving; for the same period this year the rate has been 6.3, which is just about half what the death rate was in 1941. Development of safe driving habits will no doubt cause this reduction to continue, says the Association.

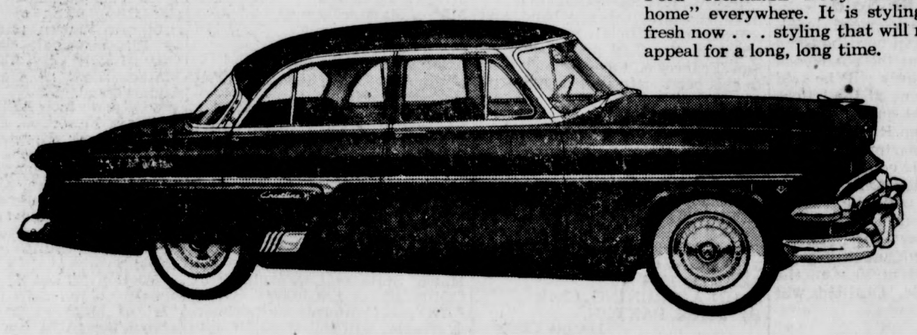
FORD GIVES YOU TODAY WHAT OTHERS MAY OFFER TOMORROW

stay-in-style styling!

The forward looking design of the famous Ford Crestmark Body makes it "at home" everywhere. It is styling that is fresh now . . . styling that will retain its appeal for a long, long time.



only V-8 in its field!

The new 130-h.p. Y-block V-8 is not only exclusive to Ford in its field, it is also the most modern engine in the entire industry! This Y-block V-8 offers you full range "Go" at all driving speeds. And it has smooth quiet "Go," too, with an extra-deep cylinder block providing exceptional support for the five main bearings. Ford's new turbo-wedge combustion chambers wring the most power out of every drop of gasoline. And short stroke design means more power to propel the car . . . less lost through friction.

new ball-joint suspension!

Ball-Joint Front Suspension (and only Ford in its field has it!) helps gentle even the roughest roads. Handling and riding are consistently easier.

and today Ford enjoys the highest resale value in the low-price field! An analysis of used car sales all over the nation shows that Ford returns a greater percent of its original cost than *any other car* . . . so it costs less to own a Ford!

Come in! Your car dollars will never buy more!

FORD worth more when you buy it worth more when you sell it
